

**POPVALVE**  
★ Being a column in which the publisher just "blows off the steam".

By June Jones

OCCASIONALLY our hand is called on some statement that is printed in The Herald, and let us state here that we are not resentful of criticism of our errors that happen in the best regulated—dailies and weeklies alike. All of which proves that printers are human and subject to mistakes just like all other people we know. Only rub is that a printer's mistakes show up in black and white; whereas a speaker can say he didn't say it or do it!

There is one consolation we find in our occasional errors, found in the comment of another publisher recently:

In case you find a mistake in this paper, please consider it was there for a purpose. We publish something for everybody, and some folks are always looking for mistakes.

★  
**SPARKS OF HUMOR** light Congress at times. For instance, Representative Carl Hinshaw of California last month gave puzzled business men these definitions of words used by government officers:

Program—Any assignment that can't be completed with one phone call.  
Consultant or Expert—An ordinary guy more than 50 miles away.  
Under Consideration—Never heard of it.

Under Active Consideration—We are looking for it in the files.  
Conference—Where conversation is substituted for the dreariness of labor and loneliness of thought.

Board—1. Made of wood; 2. Long and narrow; 3. Sometimes warped.

Reliable Source—The guy you just met.

Informed Source—The guy who just told the guy you just met.

Unimpeachable Source—The guy who started the rumor originally.

Make a Survey—Need more time to think of an answer.

Note and Initial—Spread the responsibility.

★  
**JUST TO GIVE** both of our readers of this column something to think about, we offer this brain-teaser:

Three young engineers seeking a promotion were given a test. A spot of paint, either red or blue, was put on the forehead of each while they were blindfolded. They were sitting in triangular fashion so that each could see the other two.

The personnel manager, who was conducting the test, asked each man who saw at least one blue spot to raise his hand, and all three did.

Then he asked that the man who first figured out, and could prove, which color was on his forehead, to raise his hand again. One man looked at each of the other two, saw that they both had blue spots, hesitated a moment, and raised his hand.

His explanation satisfied the personnel manager and won him the promotion. In story form, here is the winner's chain of reasoning:

While the blindfolds were being put on, the winner-to-be whom we can call Al, cleared his brain for action. He knew he was up against a pair of men who were for all practical purposes his equal in mental ability, and he recognized the problem as one requiring the indirect method of proof.

Al realized, as soon as all three men raised their hands, that there must be at least two blue spots, and he knew the other two realized this also. Had there been only one blue spot, only two men would have seen it.

Since all three saw at least one blue spot, Al reasoned, if he were red, each of the other two would know immediately that his own color had to be blue.

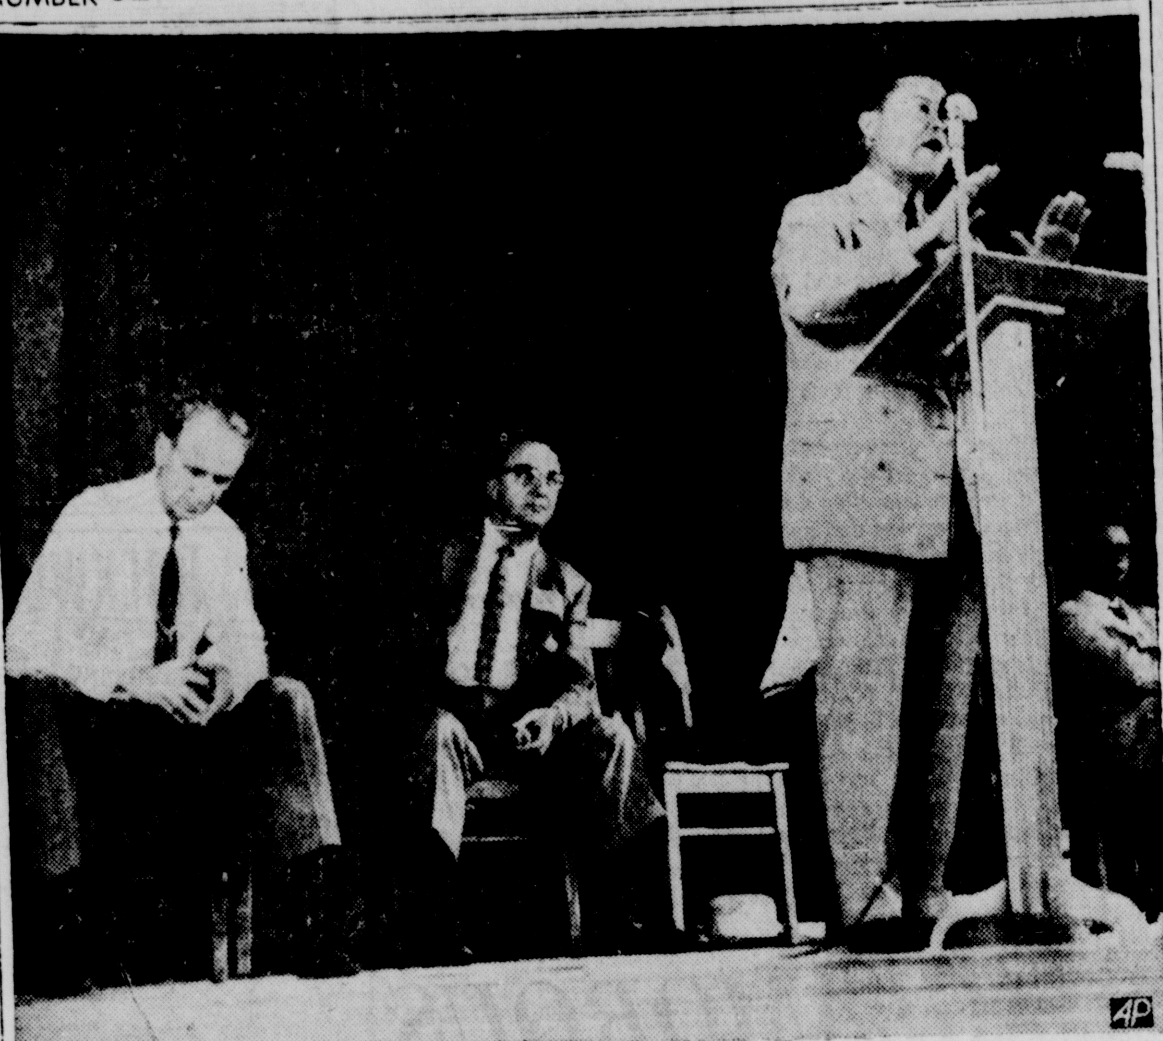

And since neither of the other two raised his hand immediately with the answer, Al knew his spot was also blue and said so.

★  
**THESE WOMEN** always are a good topic for conversation. For example . . .

It's a woman's privilege to change her mind.

When a man and woman marry they become one. Of course, they must decide which one, and that is often where the storm starts.

A psychiatrist gets paid for asking a man the same questions his wife asks for nothing.

**CANDIDATES AT RALLY**—Ralph Yarborough, candidate for governor, addresses a gathering at Hearne Alfalfa Festival political rally. Two other candidates for the office, J. Evetts Haley, left, and J. J. Holmes, center, sit on the platform. It was at this rally that Haley called remarks by Yarborough "a bald face lie", and Yarborough referred to Haley as "a minor candidate."

## New Federal Appropriation For Brazos Surveys Allowed

### Upper Stretches Of Tributaries To Be Investigated

Interest in flood control, irrigation, and commercial water possibilities from the upper watershed of the Brazos River in Central West Texas took on new life again this week with announcement from Washington that the House committee on public works has authorized an additional \$57,500 for expansion of surveys on the Brazos River and its tributaries.

While full details of the proposed surveys could not be ascertained by The Herald first of the week, it is believed that part of the appropriation would be used on the Double Mountain Fork of the Brazos River, which is nine miles north of Hamlin.

Independent preliminary surveys of possibilities on the river north and west of Hamlin were made in 1955 by Freese & Nichols of Fort Worth at the insistence of the water resources committee of the Hamlin Chamber of Commerce. The survey was financed by the Hamlin CC at the time.

Following the report of feasibility of the Freese & Nichols firm, the Hamlin civic organization asked for more time from the Texas Water Resources Board to make further study of the project. Since the demise of the Chamber of Commerce no further work has been done on the plan.

Fred Brown of Mineral Wells, a director and member of the executive committee of the Brazos River Authority, said he believed it is contemplated to examine the Brazos River and its tributaries above Possum Kingdom Lake to try to locate sites for dams or any other water conservation projects.

It has been contemplated that there are irrigation possibilities north and west of Hamlin. Use of water for repressuring of oil fields of the section also has been listed as a possibility.

The BRA and the Corps of Engineers have done a tremendous amount of work and have fairly complete maps of the Brazos River and its tributaries, Brown said.

He believed the money authorized for expansion of surveys would be for additional studies on the upper regions of the Brazos.

It would take 53 years for an airplane, traveling 200 miles per hour, to go from the earth to the sun.

### C. Austin Siburt Is New Minister at Church of Christ

C. Austin Siburt is the new minister of the Hamlin Church of Christ, he having moved to this West Texas metropolis over the week-end.

The new minister comes here from Henderson, in East Texas, where he had been preaching for two years. He previously has held preaching assignments at Chattanooga, Tennessee, Jackson, Mississippi, and at Denison, Tyler and Bonham, Texas.

Siburt is a graduate of Freed-Hardeman College of Henderson, Tennessee, and has done special work at Yale University.

He succeeds E. M. Borden Jr., who went to the Wheeler Church of Christ nearly a year ago. In the interim period the local pulpit has been filled principally by Ed Brown of Abilene.

The new citizen and his family are occupying the church's minister's home just south of the church on Southwest Avenue A. The Siburts have three children, two daughters, Elva, 16, and Myra, 13; and a son, Charles, nine.

### Attendance at City's Sunday Schools Shows Gain Over June 10

Sunday School attendance at the 13 reporting churches took a lead last Sunday over the preceding Sunday, tabulations show. The total of 1,224 for June 17 also was more than 100 greater than the year ago total of 1,118.

Churches	June 10	June 17	Year Ago
Faith Methodist	51	58	40
North Cen. Baptist	63	64	45
Oak Gr. Col. Baptist	38	57	42
First Baptist	373	369	372
First Methodist	178	184	163
Church of Christ	156	155	126
Foursquare	63	48	86
Church of Nazarene	68	83	51
Assembly of God	45	33	44
Calvary Baptist	42	51	47
Mexican Baptist	67	69	43
Sunset Baptist	34	37	28
Pentecostal	20	16	31
Totals	1199	1224	1118

### Baptists of District 17 Open Encampment

Big delegations from Hamlin Baptist Churches were among the scores of Baptists of District 17, embracing 15 Central West Texas counties, attending the opening of the Lueders Baptist Encampment Monday at Lueders.

Outstanding Texas denominational leaders spoke. Monday afternoon the Intermediate Royal Ambassador camp opened for a week.

# Parking Meters in Hamlin Discussed at Mass Meet

## Three New Wells In Hamlin Region Tabbed During May

Despite a let-up in drilling in the Hamlin region in recent months, the oil business is not a dead issue by a long shot. In fact, the decrease in new wells is state-wide in the face of lowered oil production allowances, it is pointed out by operators.

Substantiating the fact that the Hamlin section is holding its own in the business, three new wells were tabulated for the month of May, being one-eleventh of the 33 new wells in the Central West Texas area. They were:

Warren D. Sorrells of Fort Worth No. 1 G. A. Poe, was a Strawn and discovery, two miles north of Hamlin. Located in Section 183, Block 1, B. B. B. & C. Railway Company Survey, the well had daily flowing potential of 369 barrels of oil and seven percent water daily from 5,348-61 feet.

Re-entry of a plugged wildcat resulting in opening a Noodle Creek strike west of Hamlin near Rotan. It was Ray Smith Drilling Company of Dallas No. 1 Virginia Weems in Section 170, Block 2, H. & T. C. Railway Company Survey. Completed on a pump, it gauged 35 barrels of oil and 3 5/8 barrels of water daily from 3,633-46 feet.

King Land production was opened by the Millsap pool 10 miles south of Hamlin. That strike was Hayden Farmer of Olney No. 1 J. I. Millsap in Block 59 of Harrison County School Lands Survey 333. It flowed 100 barrels of oil in 10 hours from 3,289 to 2,293 feet.

## Abilene Man to Lead In Colored Services

Nokomis Yedell, colored evangelist of Abilene, will do the preaching in a series of gospel services being sponsored for the colored people of Hamlin by the Hamlin Church of Christ, it is announced by C. Austin Siburt, new minister of the church. The services will begin Monday evening at 8:15, and will be conducted each evening.

The gospel meeting will be held in the open air on a lot one block each of the West Texas Utilities sub-station.

In charge of the music will be Sherman Metcalf, also of Abilene. The public is invited to the services, it is announced.

**FIRST BALE OF COTTON DELIVERED**—G. A. Bingham, of Mission, stands in front of his truck with the first bale of 1956 cotton which he delivered at Harlingen. Jeff Bell, right, manager of the Harlingen Chamber of Commerce, which sponsors the annual event, checked Bingham in just a few minutes before his closest rival.

# Historical Pageant Planned by Anson

Anson is preparing to put out the welcome mat for all Jones County when a pageant depicting the early history of the county and its county seat will be staged in the football stadium Tuesday and Wednesday, July 17 and 18.

The story, written by Robert Nail of Albany Fandangle fame, tells of the pioneer days and the county's first families—including many families and individuals who migrated from Anson to Stamford, Hamlin and various other points in the county. The story is based on authentic data compiled and written by Hybern Grace and the late John R. Hutto, veteran teacher and local historians.

## Annual Meeting of Midwest Oil Mill Unit Set Thursday

Ginners and others interested in the cotton business in Central West Texas will be principal figures in the fourteenth annual meeting of the Midwest Cooperative Oil Mill today (Thursday) at the mill's guest house, according to R. L. McClung, manager.

The session will start at 10:00 o'clock Thursday morning, and will continue into the afternoon. Luncheon will be served by the mill to attendants at noon.

A program of entertainment and business will consume the day's time. Directors for the corporation will be formally elected who have been nominated by mail by the member gins. A review of the annual audit also will be given. Checks for the current year's patronage dividend will be passed out at the end of the session.

The oil mill is owned by 29 gins of Central West Texas. Officials of the gins and their families are invited to attend the meeting.

## California Evangelist Doing Preaching in Foursquare Revival

Stirring gospel messages are being delivered by Rev. Sidney Westbrook at the Foursquare Gospel Church, corner of Southwest Avenue D and First Street, according to Rev. Carl Poole, pastor. The series of services began Tuesday evening, and will be conducted each evening, to which the public is invited.

Rev. Westbrook is one of the leading evangelists for the denomination, Poole declares. He former was pastor of churches in West Texas before going to California.

Rev. Poole and his congregation urge the people of the community to attend the services and participate in the musical program and worship.

## Petition Signed By Merchants Is Presented Council

Fate of the parking meters in Hamlin was to be determined at a special meeting of the Hamlin City Council scheduled for this (Thursday) morning at the city hall.

This decision was reached by members of the council after they had met with 36 merchants and other interested people of Hamlin Tuesday afternoon in a conference on consideration of removal of the meters on a six-month trial period.

Some of the merchants attending the meeting contended that parking meters were keeping people from coming to Hamlin to trade, in view of the fact that several neighboring towns have free parking. Anson, Roby, Rotan and Aspermont, for example, have never had meters. Stamford last week-end declared a moratorium on the meters for a six-month period.

Parking meters, it is pointed out, have been a moot question since their inception. There are arguments for and against the meters.

Proponents of the meters point to the time before meters were installed in Hamlin in 1946 when parking space was at a premium. Store employees and others would park their cars all day long on the streets, preventing would-be shoppers from using the space near the stores.

Opponents of the meters contend that parking should be regulated, with a possible two-hour limit being placed on parking on the main business streets. This plan probably will be put into effect in Hamlin.

## Rebecca Ann Ferguson Named Rodeo Sponsor

Rebecca Ann Ferguson, daughter of Mrs. Thomas Ferguson, has been named rodeo sponsor from Hamlin to the 1956 Texas Cowboy Reunion at Stamford, slated July 2, 3 and 4.

Rebecca Ann is being sponsored by the Hamlin Business & Professional Women's Club. She will appear on horseback in the daily parades and compete for the reunion Queen place.

## Jones County Ranked Eighth in May's Traffic Accidents for 13-County District

Jones County ranked eighth in traffic accidents in the 13-county Abilene Highway Patrol District for the month of May, according to the report just issued for last month on traffic violations by Captain G. L. Morahan of Abilene, in a release to The Herald.

The county reported two personal injury and three property damage accidents with \$2,575 in damage for the month. Fisher County was fifth in the district and Stonewall County reported no accidents.

The slow-down-and-live program is a timely project when associated with the enforcement summary of the Abilene district, said Captain Morahan. Patrolmen arrested 719 persons for speed violations last month, which shows a need for slowing down, said Morahan. In fact, speed account for 70 per cent of all violations last month.

Captain Morahan reports that only one traffic fatality occurred in the 13-county district during May, 1956. However, he pointed out that to date his year 29 deaths for the same period last year.

How many of us will be around after the vacation season depends on each individual driver, Captain Morahan pointed out. He said, "Almost 50 people die each week

in Texas traffic accidents. Who knows who the next one will be? A greater tragedy is concealed in the fact that so many innocent people die, helpless to protect themselves from the drunken, discourteous or speeding driver.

Captain Morahan warned motorists that increase in volume of traffic, high horsepower in new cars, and more untrained new drivers would certainly add to the hazards of this year's vacation season, so slow down and live!

## Clarice Brown Places Third in Posture Tilt

Clarice Brown, daughter of Mr. and Mrs. Cecil Brown of Hamlin, was named third place winner in the Texas Posture Contest, sponsored by the International Basic Technique Research Institute. She was sponsored by Dr. William A. Pattillo of Hamlin.

First place winner was Dorothy Tidwell of Mount Pleasant, and second place was taken by Beverly Collins of El Paso.

Miss Tidwell will compete for national honors with final judging being done in St. Louis by a group of fashion designers and representatives from model agencies.

Dr. Pattillo also sponsored Sue Warnell of Hamlin in the contest.

**STUDY JULY BALLOT LIST**—Mrs. Hal C. Pack, of Midland, and George Sandlin of Austin, vice chairman and chairman of the state Democratic executive committee look over the list of the candidates for the July 28th primary during the certification meeting at Austin.

## OTHER FOLKS PONDER MOVING TO TEXAS

Thousands of people in other parts of the country are pondering moving to Texas, where they have heard fabulous tales of success and opportunities. Recent discussions in several magazines shed light on this thinking.

Ever wonder if you're missing the route to an easier living, maybe even a quick fortune in Texas? One article queries. You hear tales of oil wells in every back yard, Cadillacs in every garage and more realistic stories of fortunes made in Texas oil, Texas cattle and Texas real estate. According to the editors of Changing Times, the Kiplinger magazine, Texas is growing bigger and richer, and it does provide opportunities.

But is Texas just for Texans, or does the newcomer get a break? Is Texas for you? ask the editors.

Unlike other warm states such as Florida, Texas' growth has not come from outside the state. Despite its boom and publicity it has always been at least three-quarters full of Texans and has stayed that way, the magazine reports.

Its increase in population between 1950 and 1955 ranked it fifth in growth in the United States in that period. With a population of 8,563,000 there is still lots of room. Texas has space for 5,000,000 more people before its density equals that of the country as a whole.

The climate ranges from semi-tropical along the lower Rio Grande Valley to more temperate zones in the north. Among its

fastest growing cities are Corpus Christi, Houston, Dallas, Fort Worth, Lubbock, Amarillo, Odessa and El Paso.

Texas has been growing industrially by leaps and bounds. It still is no industrial giant as far as the number of workers is concerned, partly because its huge oil refineries and chemical plants require relatively few people to turn out tremendous quantities of processed materials.

There is no general shortage of workers, but many industries new to Texas are not finding enough workers trained in specialized jobs. There are scarcities of engineers of almost any description—auditors, accountants, job analysts, dietitians, commercial artists, stenographers and secretaries with special qualifications and business machine operators, according to employment agencies.

The cost of living is no lower in Texas than anywhere else, but there is no state income tax or general sales tax. Homes, when are plentiful, are mostly one-storied and conventional. Heating is cheap, but cooling units are almost essential.

Public schools have a pretty good reputation. Some are badly over-crowded, but the average school room has 26.2 pupils. There are 33 public junior colleges and 18 senior institutions.

"If you should decide to move among Texans," the magazine concludes, "be prepared to change. They are practically sure to make a Texan out of you!"

## Meet Opportunity

Opportunities do not come with their values stamped upon them. Every one must be challenged.

A day dawned, quite like other days. In it a single hour comes, quite like other hours. But in that day and in that hour the chance of a life-time faces us. To face every opportunity of life thoughtfully and ask its meaning bravely and earnestly, is the only way to meet the supreme opportunities when they come, whether open-faced or disguised.

## The Unforgivable

In mid-April the Associated Press carried this report from its Berlin bureau: "A school teacher in Communist East Germany has been sentenced to eight years in jail for taking his pupils to allied West Berlin and showing them the well-filled stores."

This is more than just another example of communist tyranny, oppression and savagery. The action taken was not only natural but inevitable—when viewed in the light of communist policies and necessities. The school teacher in question exposed 29 young people to the contamination of the West Berlin stores. And he thus created 29 prospective doubters of the communist ideology and communist claims of achievement on behalf of the masses of the people.

The stores in West Berlin follow the American pattern. They are free, competitive businesses—part of the free enterprise system which West Germany adopted after the war, and which has led to an almost incredible degree of economic recovery in a very few years. As in this country, those stores must seek to offer every possible inducement to get and keep their trade—inducement in the form of lower price, better service, more attractive looks, and so on. In the communist countries, on the other hand, there is no real competition; the state owns and bosses everything, and the philosophy is a simple one: Take what we offer you, at the price we fix, or go without!

Yes, that poor East German school teacher did the unforgivable. There is no better example of free enterprise than a good retail store—and the Lord only knows what went on in the minds of the communist youngsters when they were permitted to see one.

## Merchandising Farm Items

A short time ago the American Meat Institute announced that the packing industry, which it represents, would advertise and merchandise beef items extensively during the spring cattle run. Then it had something interesting to say about the meat situation in this country.

Beef eating has made notable advancement in recent years and now averages one-quarter of a pound a day for our school age and adult population. Last year our total meat consumption rate reached 161 pounds—the highest figure in 47 years—with beef accounting for a fraction more than half of that. Even so, we are not world leaders in this field. Uruguay, Argentina, Australia and New Zealand all have higher consumption rates than ours.

The institute's announcement said: "The best way to support continued and adequate production is to stimulate greater demand for the product of our farms and ranches. We in the meat industry can do this through promotional efforts in every direction and at the same time perform a notable service to the public by stimulating better nutrition."

That idea could profitably be applied to all the products of our farms and ranches. The big need today is to get more of our agricultural output into consumption—and less into storage.

## Editorial of the Week

### VITAL STATISTICS

A capsule summary of the finances of the state government has been provided for Texans by the Bureau of the Census.

The state's 1955 general revenue—some \$777,000,000—came from taxes (\$489,000,000), inter-governmental sources (\$155,000,000), and charges and miscellaneous income (\$133,000,000).

The state spent \$276,000,000 on education, \$196,000,000 on current operating expenses, \$171,000,000 on highways, \$145,000,000 on capital outlay, \$128,000,000 on public welfare, \$33,000,000 on insurance benefits and repayments, and \$3,000,000 on interest.

State indebtedness rose from \$110,000,000 in 1954 to \$139,000,000 last year, a 26.6 percent increase.—The Texas Observer.

## RECALLING Other Years

Being news items taken from old files of Your Home-Town Newspaper, The Herald.

### TWENTY YEARS AGO.

News items of interest in the Hamlin community 20 years ago included the following, which are reproduced from the issue of The Hamlin Herald dated June 19, 1936:

Rockwell Brothers & Company lumber yard advertised 18-inch poultry wire at \$1.50 per 150-foot roll, and blue building paper at 60 cents per roll.

Wheat harvest in the Hamlin section is in full operation this week. The crop is turning out fine, some making upward of 30 bushels per acre. Market price for the wheat is about 75 cents per bushel, compared to around 30 cents per bushel several years ago.

Cotton and feed are looking very promising in this region.

Foy Pringle is home with a degree in horticulture from Texas Tech at Lubbock.

Delma Shelburne and Paul White are in from Texas Tech for their summer vacation.

Pearl Harris is at home after spending the past school term at Bethany-Peniel College at Bethany, Oklahoma.

Ruby and Irene Thompson left Friday for an extended visit at Hobbs, New Mexico, Lubbock, Quanah and Oklahoma City.

### TEN YEARS AGO.

Among news happenings of interest in the Hamlin community 10 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 21, 1946:

Rainfall of 1.22 inches this week brought new life to the row crops of the area. The precipitation brought the year's total rainfall to 5.79 inches, according to Bill Rountree government gauger at the city pump station.

Voting strength of Jones County may reach 6000 it was estimated this week by county officials. New interest is being shown in county, state and national elections.

No higher prices were seen in Hamlin cafes this week as a result of the relinquishing of OPA ceiling prices on prepared foods. Brick work is scheduled to be started next week on the new \$125,000 elementary school building in Northwest Hamlin.

Jimmy Kidd, 18-year-old son of W. C. Kidd of Hamlin, lost a foot under a Santa Fe freight train at Medicine Mound, south of Chillicothe, last Wednesday afternoon while uncoupling cars on the run from Hamlin to Altus. He was rushed to a hospital at Quanah, where the foot was amputated after it was badly mangled.

General Dwight D. Eisenhower is pleading for extension of the draft law as manpower in the U. S. armed forces is dwindling to a long-time low.

### FIVE YEARS AGO.

Reflecting the news happenings of the Hamlin community of five years ago the following items are taken from the issue of The Hamlin Herald dated June 22, 1951:

Farmers of the Hamlin community have organized to conduct a systematic drive against cotton insects by promoting an intensive poisoning campaign.

Twelve members of the Hamlin Boy Scout troop No. 43 are attending the annual summer camp at Camp Tonkawa near Abilene this week. They are Sammy Vaughan, Ronnie Parker, Max Osborne, Herring Dennis, Davey Weaver, Carl Max Weaver, Bennie Carroll, Don Adair, Holly Pardue Toler, Corky Bond, Lain Fletcher and Clifford Green.

Hamlin Rotary Club members heard a report at the Wednesday noon luncheon of the annual convention of Rotary International at Atlantic City, New Jersey, made by President-Elect Carl Murrell.

### ONE YEAR AGO.

Considered news in the community a year ago were the following briefs, taken from the issue of The Hamlin Herald dated June 24, 1955:

Purchase of a new \$11,000 fire truck for the Hamlin Volunteer Fire Department has been approved by the City Council. At the monthly business session of the group Tuesday night the city's auditor declared the municipality's financial condition is good.

Water was put into the new Hamlin swimming pool this week following completion of the pool proper. Work on bath houses and other equipment is being rushed.

More rains first of the week in the Hamlin territory brought the year's total to 13.13, which is two inches above the 11-year average for this time of year.

## Long or Short Hairdos Are Good for Summer If Style Pleases Individual

Rumors fly thick and fast in the hair-dressing world, declares Vivian Brown, AP newsfeature beauty editor, who points out: "It's up, it's down, it's long, it's short—until women take the 'who cares anyway' attitude. They wear their hair to suit their fancy and enjoy it."

Short hair is more comfortable in summer for those who can wear it. Easy to care for at play time, it is manageable after a swim. The bun-back hairdo is popular with statuesque women who have the right features. They claim it is just as easy to care for as the short coil, requiring nothing more than brushing and pinning. But that severe style does limit itself to a handful of women even though it is a charming lady-like coiffure when it is becoming.

These days even short-haired ladies may keep tresses salon-fresh for a week or more, an asset during hatless summers and spins in convertible cars. Many beauty salons now feature a special service that they say guarantees a smooth hair setting for quite a spell. It is neither a lacquer nor hair spray.

This new stickum is applied by the operator as a thin liquid when the hair is pinched. The claim is that it penetrates the hair shaft, imparting a pliability and

body to the hair—insurance against wind and humidity. Let's hope it works on windy days. The time under the dry is cut down by the new process, a boon to busy women. That is the most tedious part of a salon wave to most women, the only reason many women prefer coiffing their hair at home.

New summer hair styles are varied. Buffed hairdos are popular. These have a prof of side fullness that should appeal to thin-faced types. Upweped hairdos that stress frothy little ringlets have definite appeal for the young in heart as well as the mature woman. The unsophisticated hairdo—a lyrical pattern of soft waves, rhythmic continuity that is easy to keep, is likely to begin with a pompadour at the forehead and end up as a perky little duck tail at the nape of the neck.

Shakespeare, according to estimates, never made a continuous journey as far as a round trip from Boston to New York.

### SCRATCH-ME-NOT WITH ITCH-ME-NOT!

Apply ITCH-ME-NOT. In just 15 minutes, if you have to scratch your itch, your 40¢ back at any drug store. Use instantly ITCH-ME-NOT day or night for eczema, ringworm, insect bites, foot itch, other surface itches. Now at Hamlin City Drug. (Adv.)

## Two-County Singing Slated at Stamford

Singers and song lovers of Haskell and Jones Counties will convene in their monthly singing Sunday, June 24, at the Four-square Gospel Church in Stamford, leaders announce.

Singing will get underway at 2:00 o'clock, and the public is invited to attend and participate in the songfest.

 DAVE REYES (reelection)  
 E. M. (ROE) ISBELL

## Officials for Hamlin TB Unit Named at County Meet Monday

Dr. W. S. Seals of Hamlin was appointed local chairman of the annual free chest x-ray program that will be held in the early fall in Jones County, when officials of the ones County Tuberculosis Association meet in regular meeting in the offices of Swenson Land & Cattle Company at Stamford Monday evening.

Buna Rountree was appointed local seal sale chairman.

Irene Stewart of Stamford, president of the county unit, presided at the business session.

Those attending the session from Hamlin were Mrs. W. L. Hunter Jr., county seal sale chairman; Mrs. A. A. Hackley, state board member; and Mrs. E. M. Wilson.

## RETURNS TO NAVY POST.

Jack Wright, son of Mr. and Mrs. Jack Wright Sr. of Hamlin, returned Wednesday to San Diego, California, after a one-month visit with his parents and other relatives. He is in the electronics division of the Navy, being rated as a seaman third class.

## H. & M. Tire and Appliance Store Is Open for Business

Formal opening of the H. & M. Tire and Appliance Store, Hamlin's newest business institution, is slated within a few days, but the concern already is open for business in the Bowen-Pope buildings, corner of Southeast Avenue A and Central Avenue, formerly occupied by The Herald.

The business is owned by Joe A. Hudspeth and Weaver Medlin of Stamford, who have been West Texans most of their lives.

Manager of the business is Hudspeth, who will move with his family here as soon as housing can be arranged. A native of Stonewall County, Hudspeth is well known in Hamlin, where he worked for Elmer Feagan in the late 1930s. He has been in Stamford for several years. He and his wife have two girls, Jorene, 13, and Glenda Sue, eight years old.

The concern will feature Good-year tires and tubes and batteries. General Electric appliances and other home and auto accessories. Associated with Hudspeth in the operation of the store will be Frank Logan, also of Stamford, and A. J. Hallmark, who will be in the service department.

## Santa Fe Carloadings For Week Exceed 1955

Freight carloadings for the week ending June 16, 1956, were Santa Fe Railway System for the 30,018 compared with 26,991 for the same week in 1955, reflecting a sizeable gain. Cars received from connections totaled 11,825 compared with 12,600 for the same week in 1955.

Total cars moved were 41,843 compared with 39,591 for the same week in 1955. Santa Fe handled a total of 18,355 cars in the preceding week of this year.

A mother's love touches the heart of God, and should it not appeal to human sympathy?—Mary Baker Eddy.

## TEXANS IN WASHINGTON

By Tex Easley, AP Washington Correspondent

Washington.—The nation's capital is a mecca for school children especially at two times of the year—Easter recess and right after the term ends for summer vacation.

Virtually all of the tens of thousands who make the pilgrimage at Easter hail from within a 500-mile radius. At this time of year their numbers are doubled and they come also from much more distant states, often in school buses but mostly in chartered commercial buses.

In recent years there have been increasing numbers of school youngsters from Texas and other Southwestern states making the trip. Although they come in all ages, the high school graduating classes comprise a big percentage of those coming from distant points.

One of the smallest senior classes to come here with 100 per cent representation was that of McAdoo High School, from out in West Texas.

The graduates were five girls and a handsome boy—Marquitta Barton, Carol Teague, Wanda Nell Woolley, Louise Johnson, Carol Ann Allen and Neal Allen. Accompanied by their principal, Fabian Lemley, and Mrs. Lemley, they drove to Washington in two cars.

They took in all the regular places that team with teenagers as well as oldsters—the capitol, the Washington Monument, Lincoln Memorial, Smithsonian Institution and the National Art Gallery.

Their congressman, George Mahon of Lubbock, then took them on a special sight-seeing round of the capitol... on to the Senate and House floors, after the sessions adjourned, and to a congressional committee, where Secretary of State John Foster Dulles was testifying.

Local school children, who happen to have among their classmates sons or daughters of congressmen and senators, also sometimes get an inside peep on things around the capitol.

The other day a group of some 30 or so suburban Washington youngsters finished up a tour of the capitol with a ride on the monorail subway car over to the Senate office building and went to the office of Texas' Senator Price Daniel for soft drinks. They were classmates of Jena Daniel.

Recent visitors here included Mr. and Mrs. Glen Savage of Lewisville, whose son, Glen Jr., works for Representative Frank Bland of Wichita Falls. President Law Son of Texas Wesleyan College at Fort Worth also was here recently.

J. B. Marion and George Lovell, both of Lubbock, have been here discussed cotton grading problems with Department of Agriculture officials.

The Magic Valley Electric Coop is more than a name around several offices here. J. E. Wilder of Mercedes, manager, took time out from conferences at the REA to visit Capitol Hill and hand out some combination ball point pen-pencils advertising the cooperative.

Fort Worth Congressman Jim Wright, observing that graduation from West Point and Annapolis may lead to a lucrative career following military service, notes these examples:

General Douglas MacArthur, chairman of the board of Sperry-Rand Corporation, with a salary of \$68,000 yearly; General Lucius Clay, head of Continental Can Company, \$108,000; General Joseph McNarney, president of Con-vair, \$75,000; Admiral Ben Morel, with Jones & Laughlin Steel, \$150,000 annually.

"Horatio Alger," adds Wright, "these days would apparently have been on his way to the top without all that painful saving if he could only have won an appointment to one of the academies."

Tact consists in knowing how far we may go too far.—Jean Cocteau.

Aside from a lot of fun and fellowship enjoyed by 18 Hamlin Boys Scouts last week at the annual Boy Scout camp at Camp Tonkawa, south of Abilene, the group did a lot of advancement in skills and awards of Scouting, according to Scoutmaster Weldon Johnson, who accompanied them.

The boys from Troop 43 returned home Saturday from the camp near Buffalo Gap. This is the official Boy Scout camp of the Chisholm Trail Council, of which Hamlin is a member.

In the group were John Richey, Bob Martin, Bill Richey, Jerry Warnell, Bob Johnson, Larry Upshaw, Jerry Duncan, Milburn Crawford, Jerry Smith, Jimmy Shivers, John Ferguson, Johnny Stovall, Terry Scott, Ronnie Dodd, Jimmy Cooper, Clyde Hodnett, Ray Johnson and Gary Cooper.

These 18 boys earned and received 24 awards from the rifle range; 34 awards from the archery range; three boys learned to swim; and each of the others either passed from beginners to swimmers or were swimmers on arrival at the camp.

John Ferguson advanced to second class rank. Others worked their second and first class requirements or merit badge work, passing nature, first aid, campcraft, etc.

Bob Martin and Bob Johnson were elected as candidates for the Order of the Arrow and were initiated in the next degree while at camp. Order of the Arrow boys are elected by secret ballot from their own troop. Qualifications are that a boy should be a first class Scout; have had at least 15 nights of outdoor camping, five of which must be consecutive; a good camper and have a general knowledge of nature and the out-of-doors.

Not a boy missed a meal, and all report a swell week, declares Scoutmaster Johnson.

**STARS IN YOUR EYES.**  
 An American and a Dutchman were talking.

"What does your flag look like?" asked the American.

"It has three stripes," replied the Dutchman, "red, white and blue. We say they have a connection with our taxes: We get red when we talk about them, white when we get our tax bills and pay till we're blue in the face."

"That's just how it is here," commented the American, "only we see stars, too."

## Hamlin Scouts at Camp Tonkawa Advance in Rank

## JUST LIKE MEASLES.

A farm boy said to his brother, "Reuben, how would you get a girl to marry you?"  
 Reuben answered, "Well, if she don't want to, you can't; but if she does, there ain't hardly no way to prevent it."

## Jimmy French Takes Special UT Courses

Jimmy K. French, son of Mr. and Mrs. H. K. French of Hamlin, Route 1, is among participants in the science and mathematics center at the University of Texas, according to a release from the big Austin school.

Young French is one of the 100 students attending the center, operated for the first time this summer. It is designed to improve science and mathematics instruction in Texas schools, and is promoted principally for teachers.

## FLORIDANS VISIT.

Mr. and Mrs. Bob Harden and daughter, Cindy, of Panama City, Florida, were Thursday guests of Mrs. Harden's grandparents, Mr. and Mrs. J. D. Barnes, 115 North-east Avenue C.

# Gerald Hood

of SYLVESTER, TEXAS

To its Sales Organization.

Gerald is the son of Mr. and Mrs. Henry Hood of Sylvester, and a 1956 graduate of Roby High School. He plans a college education of Business Administration with merchandising as his major. He is a natural salesman, and his enthusiasm about Chevrolets, and automobiles generally, is catching.

He will aid Edward Gardner and Carl Murrell in their program of selling new and used cars and trucks in the Hamlin trade territory.

His friends and acquaintances are invited to call him for a showing and demonstration of the new Chevrolet.

## Double Ring Ceremonies Thursday Unite Charlene Smith and Max Scott

Double ring ceremony at the First Baptist Church last Thursday evening at 8:00 o'clock made Charlene Smith and Max Scott man and wife. The ritual was officiated by Rev. Woodrow McHugh, pastor of the North Central Avenue Baptist Church.

The bride is the daughter of Mr. and Mrs. Barnie Smith of Hamlin, and the bridegroom is the son of Mr. and Mrs. Louise Scott of Sweetwater.

The couple repeated the wedding vows before an altar which had a background of gladiolus with greenery. Wrought iron candelabra held lighted white tapers. Carol Jo Simpson played traditional organ wedding music and accompanied her sister, Faith Simpson, as she sang "Always," "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was charming in a waltz length gown of white hand-clipped chantilly lace over satin. The midriff came to a point at the waistline. The bodice was of lace with sleeves that came to a point at her hands. A face framing lace of hand clipped chantilly lace exquisitely embroidered with tiny pearls set on pleated tulle.

## "Hot Flashes Stopped" or strikingly relieved

In 63-80% of cases in doctors' tests

If you're miserable from the "hot flashes" and accompanying irritability, restless feelings of "chance of life"—you may be suffering unnecessarily!

For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!" So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves!"

The bride carried a white Bible topped with satin streamers, gardenias and French carnations. She carried a white lace handkerchief belonging to her mother.

Matron-of-honor was Mrs. Delbert Smith of Hamlin, sister-in-law of the bride. Bridesmaid was Mrs. Durwood Smith of Hamlin, another sister-in-law of the bride. Candle-lighters were Mary Lou and Betty Sue Anderson, also of Hamlin. Ray Davis of San Angelo, friend of the groom, was groomsmen, and best man was Harold Fox of Slaton, friend of the groom. Ushers were Durwood and Delbert Smith of Hamlin, J. W. Scott and Bill Scott of Sweetwater, brothers of the bridegroom.

Dress of the bridesmaid was of pink nylon organdy over taffeta, fashioned with sweetheart neckline. The waistline came to a point at the back and front. She carried a colonial bouquet of French carnations with satin streamers.

Dress of the matron-of-honor was of blue nylon organdy over taffeta, fashioned with sweetheart neckline with the full skirt coming to a point at the back and front. Her bouquet was of French carnations with satin streamers.

The bride is a 1935 graduate of Hamlin High School. She since has been attending the Scoggins Beauty Corral at Abilene. Young Scott is a graduate of Texas A. & M. College, and he is a second lieutenant in the United States Army, being stationed near Baltimore, Maryland.

The newlyweds left for a wedding trip to Colorado state. They will be at home at Baltimore, Maryland, after July 1.

For traveling the bride wore a pink nylon cotton dress with a sweetheart neckline, with the waistline pointing at the back and front over a full skirt. Her accessories were of white, and her corsage was from the bridal bouquet.

General Lee's sword was returned to him by General Grant after Lee's surrender at Appomattox.

**MAKING THEIR HOME** at Baltimore, Maryland, after July 1 will be Mr. and Mrs. Max Scott, who were married in rites at the First Baptist Church last Thursday. Mrs. Smith (above) is the former Charlene Smith, daughter of Mr. and Mrs. Barnie Smith. Young Scott, son of Mr. and Mrs. Louise Scott of Sweetwater, is a second lieutenant in the Army, and is stationed near Baltimore.

## Reception Given at Church Following Smith-Scott Wedding

Following the wedding Thursday evening of Charlene Smith and Max Scott, a reception was held in the fellowship hall of the First Baptist Church.

The bride's chosen colors of blue and white were carried out in the lace cloth on the table.

The three-tier wedding cake centered the bride's table. Appointments were in silver and crystal. The table had white daisies for the centerpiece.

Serving at the reception were Mrs. Ray Davis, Mrs. Aubrey Haught and Martha Hubbard.

Guests were registered at the reception by Mrs. Walter Willis. Out-of-town guests were present

## Trio from HHS Goes To Area FHA Meeting

Two Hamlin High School homemakers and one of their sponsors were in Stephenville Tuesday and Wednesday to attend an Area IV Future Homemakers of America leadership training conference. They were Sara Kay Fomby and Elizabeth Norton, and their sponsor, Mrs. James E. Simmons.

Those attending are incoming district and area officers and their leader. Sara Kay is incoming recording secretary for the area. Elizabeth is on the state FHA degree committee.

Brazil is larger than the United States.

from Abilene, San Angelo, Sweetwater and Slaton.

## Amanda Freeman and Thomas E. Pike Repeat Wedding Vows in Church Rites

Sanctuary of the First Methodist Church was the scene last Wednesday afternoon at 4:30 o'clock of an impressive double ring ceremony that united in marriage Amanda Belle Freeman and Thomas Eugene Pike. Rev. Daris L. Egger, pastor of the church, officiated.

The bride is the daughter of Mr. and Mrs. O. C. Freeman of Hamlin, and young Pike is the son of Mr. and Mrs. L. B. Pike of Rule.

The bride was given in marriage by her father. The rites were repeated before an altar of white gladiolus and lavender asters.

Music for the nuptials was played by Mrs. J. W. McCrary at the organ. She had been the bride's music teacher for several years.

Maid-of-honor was Betty Osborne of Hamlin, high school classmate of the bride. Best man was Bobby Boyles of Aspermont, brother-in-law of the bridegroom.

The bride's wedding gown was an original dress of basque style with long sleeves. It had a stand-away collar. Fashioned of white organdy, it featured a three-tier embroidered organdy skirt made on a foundation of white taffeta. She carried a white orchid on a white Bible which the bride had received when eight years old as a gift from her Sunday School teacher.

The maid-of-honor wore a lilac net dress and carried a nosegay of lavender asters tied with several shades of violet ribbons.

The bride is a graduate of Hamlin High School, where she is prominent in school affairs. She was named the Future Home-

maker of Tomorrow in a national contest. She has attended Texas Technological College at Lubbock one year. Young Pike, who also has been a student at Texas Tech is a graduate of Rule High School. He is working with the Halliburton Well Logging Service out of Hobbs, New Mexico. Both the young people plan to re-enter Texas Tech this fall, where she is an accounting major and he is studying electrical engineering.

Immediately after the Wednesday ceremony the newlyweds left for a short wedding trip in New Mexico. For traveling the bride wore a mauve cotton suit with home at Hobbs.

## Drapes Demonstration Given at Meeting of McCaulley Club Group

A demonstration on drapes was given by Mrs. Ted Abbott when members of the McCaulley Home Demonstration Club met last Thursday in the home of Mrs. Jerry Maberry.

Mrs. Leo Masser presided, and the recreation period was directed by Mrs. Glenn Henderson, who conducted a know-your-magazine game.

A refreshment plate was served to Mrs. Jerry Crowley, guest, and the following members: Mmes. C. A. McHone, Fred Kemp, Glenn Henderson, Ted Abbott, Willdie Fancher, Frank Kemp, Ben Kemp, Luther Maberry, Leo Masser, Louis Boyd and T. E. Green.

Next meeting of the group will be in the home of Mrs. Fred Kemp, when the program will be on "The 4-H Club Work."

**RECENT BRIDE** of Thomas E. Pike of Hobbs, New Mexico, is the former Amanda Belle Freeman (above), daughter of Mr. and Mrs. O. C. Freeman of Hamlin. He is the son of Mr. and Mrs. L. B. Pike of Rule. They are making their home in Hobbs, New Mexico.

**CALIFORNIANS VISIT.** Mr. and Mrs. C. F. Guinn of Ventura, California, were visiting in the home of Mrs. J. Ubben and Mr. and Mrs. Barnie Smith last Thursday. Mrs. Guinn is the former Eva Leonard of Hamlin. Her address is 1132 East Meta Street, Ventura, California.

## Eastern Star Chapter At McCaulley Install Officers for New Year

Officers for the coming year were recently installed by the McCaulley chapter of the Order of the Eastern Star in ceremony at the McCaulley Masonic Hall.

Mrs. Odie Claxton, grand deputy, installed the group and was assisted by other Abilene Chapter No. 30 OES members. They were Jessie Wheeler, chaplain; Mrs. Inez Watson, marshal; Mrs. Josephine Estes, organist; and Lulu Mae Posey, secretary.

Officers installed were: Mr. and Mrs. Rufus Herbst, worthy patron and matron; Mr. and Mrs. Lee Brewer, associate patron and matron; Mrs. Florence McCollum, secretary; Levi McCollum, treasurer; Mrs. Lorene Mauldin, conductress; Mrs. Sara Jane Miers, associate conductress; Fay Dozier, chaplain; R. L. Miers, marshal; Mrs. Treasure Rector, organist; Mrs. Violet Gilly, Ada; Mrs. Ila Webb, Ruth; Mrs. Ruby Williams, Esther; Mrs. Annie Dozier, Martha; Mrs. Hallie P. McFatter, Electra; Guy Mauldin, warder; and Luther Rector, sentinel.

George Washington laid the cornerstone of the national capitol.

## FORD sets 500-mile record at Indianapolis Speedway

## Again proves nobody outperforms Ford

... dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway... whirling through the tight turns and flashing over the straight stretches... to set a mark that no stock car had ever reached before!

Previous to Ford's record run, no other stock car had gone even one lap at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h. And Ford averaged over 107 m.p.h. for the full five hundred miles... close to the average set by the extremely costly, specially-built racer which won the Memorial Day "500!"

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was

the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!

Ford wrote this new mark large and bold in the record books. And the whole Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

**TEXAS SIZE BOOT**—Some 1,900 members of Texas 4-H Clubs form a "Texas size" boot during their annual statewide roundup at Texas A&M College. Every section of the state was represented at the conference.

### Most Livestock Trend to Lower Prices This Week as Weather Hurts Quality

Slaughter steers and yearlings of good and choice grades were scarce and about steady, according to the weekly market release of Ted Gouldy, special market reporter for The Herald at Fort Worth. His release continues.

Grassy steers and yearlings were steady to weaker at Fort Worth Monday. Stockers and feeders cleared at about 50 cents lower prices. Cows and bulls were about steady.

Slaughter clevs were steady to weak, with top grades about steady and medium, and lower grades weak to 50 cents lower.

Good and choice slaughter steers and yearlings cashed at \$16 to \$20, and common and medium slaughter steers and yearlings drew \$10 to \$15.

Fat cows sold from \$10 to \$13.25 and canners and cutters drew \$7 to \$10.50. Bulls sold from \$9 to \$13.50, a few to \$14.

Good and choice slaughter calves cleared at \$16 to \$18.50, and a few brought \$19, closely sorted. Common and medium sorts sold from \$11 to \$15, and culls drew \$8 to \$11.

and cull to medium sort sold from \$10 to \$16. Stocker and feeder spring lambs sold mostly from \$12 to \$15, a few fancy to \$16.50. Shorn slaughter yearling lambs of good and choice grades drew \$15 to \$18, and cull to medium shorn lambs drew \$8 to \$14. Stocker and feeder yearling lambs sold from \$13 down.

Slaughter ewes sold from \$4 to \$4.50. Old bucks sold around \$4.

Lightweight butcher hogs were again under pressure at Fort Worth Monday. Increased offerings around the market circle put pressure on prices at all points at the start of the week.

Butcher hogs were steady to 25 cents lower and topped at \$16.25 and \$16.50. Less desirable weights and grades moved at \$12 to \$16. Sows sold from \$10 to \$13.50. Some butcher pigs sold around \$14 to \$12.

Do not throw lighted cigarettes from your car. Keep Texas green!

Break your matches. Be sure they are out when thrown away.

Flying a national flag upside down at sea is a signal of distress.

Most pulpwood is harvested from non-company owned lands.

### James R. Fleming, Retired Farmer, Succumbs at Ozona

James Robert Fleming, 88-year-old retired farmer and former resident of the Boyd Chapel community south of Hamlin, died in an Ozona hospital last Thursday afternoon. He had been visiting a daughter, Ethel Fleming, at Ozona. In failing health for a number of years, he had been in the hospital about two weeks.

Born September 6, 1867, in Lancaster County, South Carolina, Fleming had moved to Texas when a young man, settling first in East Texas. He was married in Titus County in 1896 to Mary Bell Kirk. They moved to Mitchell County in 1916, to Gaines County in 1917, and to Fisher County in 1919. They lived near Hamlin from 1920 until 1922, moving in 1922 to the Boyd Chapel community. Mrs. Fleming died in 1925.

Fleming continued to live in the Boyd Chapel community until 1951, when he went to live with his children. He had been visiting his daughter since about November 1.

Funeral services were conducted Saturday morning at the Neinda Methodist Church, six miles south of Hamlin. Burial was in the Neinda cemetery under the direction of Lawrence Funeral Home of Anson.

Survivors include three sons, Edgar Fleming of Corpus Christi, A. A. Fleming of Anson and Dean Fleming of Lamesa; two daughters, Ethel Fleming of Ozona and Mrs. Ella Rees of Dublin; eight grandchildren and five great-grandchildren; and one brother, R. L. Fleming of Stanton.

### THE OIL AND GAS PROBLEM IN OUR DISTRICT

—Open Letter to All the People Who Depend on the Oil Business in the 17th Congressional District

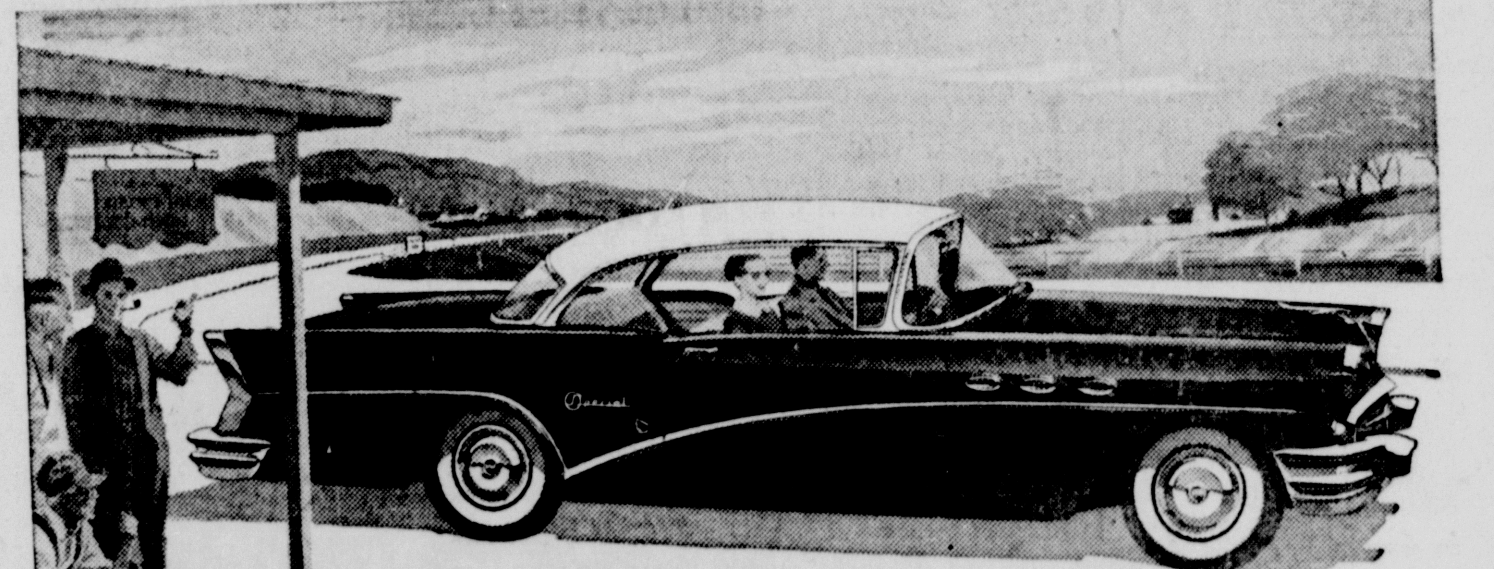

There are no rich braggard oil men in the 17th Congressional District. They are all struggling producers. I, personally, am not a rich oil man. I am not even a producer, but I understand the problems of the oil and gas producer. I am a consultant. I think all the oil men in this district would make good candidates. They are humble, sensible, and gracious. This district of our depends on the 27 1/2% depletion allowance more than any other district in the nation. In fact, we should have 40% depletion allowance instead of 27 1/2%.

With the ever growing move by Eastern self-interest groups toward reducing the depletion allowance to 15% or even less the whole economy of the 17th Congressional District is being placed in jeopardy. A large portion of our district's population depends directly on some phase of the oil business. A reduction in the depletion allowance will cause drilling contractors to go bankrupt, throwing hundreds of families into debt and without livelihood. Money will vanish. Marginal oil operators will be forced to shut their wells down. Service companies will be broke. Independent geologists and engineers will be out of work. Land owners, farmers and ranchers will be out of money from lease rentals and bonuses. Land owners will not get their lands tested. It is a certainty that oil imports will increase and the independent oil operator will be squeezed out of business.

17th Congressional District, composed of Taylor, Jones, Eastland Stephens, Comanche, Palo Pinto, Erath, Fisher, Hamilton, Callahan and Shackelford Counties, is the independent oil man's territory. Small fields and production is the mainstay of our district's economy. Farmers and ranchers depend on oil royalties. There is no rain and when the market is low no crops and cattle. Merchants depend on the oil man's income. The oil man in this district depends on the depletion allowance and control of foreign oil imports. A depletion allowance means only one thing to us, the people of the 17th Congressional District—a middle of abundance, with hundreds of thousands of barrels of oil laying untapped and unused while our friends grow richer and richer on the oil.

South Texas is a district that with ever-continuing depletion of domestic reserves, greater risks, higher exploration and depletion allowance, not less. We need vigorous representation in Congress, someone who will represent the best interests of the people of the 17th Congressional District and who will not pigeon-hole. I am confident, and rest assured that the case of the people of the 17th Congressional District will be presented forcefully.

(Paid Pol. Adv.)

## Big Torque of the Best Sellers

IT WOULD stand to reason that automobiles selling in the same league, so to speak, would be pretty close in their engineering specifications.

Like in "torque multiplication"—the twisting force a transmission delivers to the drive shaft. (The greater the torque multiplication, the greater the performance).

But what do you find?

You find that any '56 Buick with advanced new Variable Pitch Dynaflo\* delivers a higher torque ratio than any standard-production car in America.

And you find that this high-torque performance is one reason for Buick's best-seller standing. For Buick is now more strongly positioned in the Top 3 of the nation's biggest-selling automobiles.

That's news — and there's plenty more where that came from. For the '56 Buick is jam-packed

with new engineering and styling advances to make it the best Buick yet, by far.

That new Dynaflo, for example, brings you the world's only switch-pitch performance in cars—plus a new part-throttle getaway response that's swifter, surer, and a gas-saver to boot.

The new V8 engine is 322-cubic-inches big, and packed with the highest horsepowers, the highest compressions in all Buick annals.

There's a joyous new ride, too—a new steering magic—a new "sense of direction" in your every handling maneuver.

Thing to do is come see for yourself. That way you can also look at the prices that have helped move Buick to a new sales success—outselling all other cars in America except two of the well-known smaller ones.

Will you do that, this week?

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

### Sara Kay Fomby to Attend National FHA Gathering at Chicago

Sara Kay Fomby, 16-year-old daughter of Mr. and Mrs. E. B. Fomby of Hamlin, will be a delegate to the 1956 national convention of Future Homemakers of America, July 2 to 6, at the Conrad Hilton Hotel in Chicago, Illinois.

A junior at Hamlin High School, she has been an FHA member since 1954. Advisers for the local chapter are Mrs. Joe Wayne Carter and Mrs. Camille Simmons.

FHA is the national organization of pupils studying homemaking in junior and senior high schools in the United States and territories. Any student who has taken or is taking homemaking may be a member. Membership is voluntary. National membership totals nearly 520,000.

Sara Kay will be one of around 2,000 FHA members chosen to attend the national meeting.

Convention sessions will be geared to helping FHAers recognize opportunities and accept responsibilities related to improving home, school and community life. Other activities during the five-day gathering include election of 1956-57 national officers and voting on national projects.

FHA is sponsored by the American Home Economics Association and the U. S. Office of Education. Cooperating groups are the home economics sections of the American Vocational Association and the National Education Association.

Main goal of FHA is to learn to live better today in order that the homemaker pupils' lives and those of their families may be better tomorrow.

Sara Kay also is a member of the following school and community organizations: Student Council, Pied Piper Band and Methodist Youth Fellowship.

The largest ranch in the United States is the King Ranch in Texas with 970,000 acres.

Ireland Island in the Bermudes has the largest floating drydock in the world.

Lancaster, Pennsylvania, was the first of the United States for a day.

Black Friday, September 26, 1859, was the day of financial panic in Wall Street.

### Buffet Supper Given By John C. Bryants for Sorority Club Group

Mr. and Mrs. John C. Bryant entertained with a back yard buffet supper Thursday evening for the members of the Xi Gamma Phi and the Beta Theta chapters of the Beta Sigma Phi and their husbands.

The buffet tables were decorated with baskets of garden flowers. The party was in honor of Mr. and Mrs. Austin Poe, who are moving to Kermanshah in the late summer.

Mrs. Poe has been a member of the Beta Sigma Phi for many years. She has just finished the past year serving as president of the Xi Gamma Phi chapter. Mrs. Poe has been sponsor for the Beta Theta chapter for several years.

A sterling silver wine cooler was given to Mr. and Mrs. Poe by the two sororities. The gift was presented to Mrs. Poe by Mrs. M. L. Smith and Mrs. Brad Rowland Jr., incoming presidents of the two chapters, as a small token of love and appreciation for the many years of work and leadership in both chapters of the Beta Sigma Phi.

### Program on Furniture Arrangement Given For Good Neighbors

Mrs. Verlon Hodges gave the program on "Furniture Arrangement in the Living Room" when members of the Good Neighbor Home Demonstration Club met Tuesday afternoon at the Neinde community center.

Mrs. Hodges explained that first it is necessary to determine how the living room will be used by the family. This varies, of course, with the individual family as no two families are alike. This variation in the family customs, habits and preferences is one reason that set styles and rules should not be adhered to slavishly, she declared.

Iced tea and brownies were served by the hostesses, Mrs. Tommy Hodnett and Mrs. Inez McCoy, to the following attendees: Mmes. Mildred Weaver, Lucy Carothers, Charlene Joiner, Sydonia Lane, Alice Westmoreland, Adele Kelly, Arlene Fankleberry, Verlon Hodges, Doris Stanford, members; and two visitors, Mrs. Gardner and Mrs. Gilbert.

### Gift Tea at Royston In Cleveland Home Honors Recent Bride

A gift tea honoring Mrs. Billy Glenn Polk was hosted in the home of Mrs. W. D. Cleveland at Royston last week. Hostesses with Mrs. Cleveland were Mrs. Coy Carricker, Mrs. Foy Mitchell, Mrs. Frank Houghton, Mrs. Tom Hogan, Mrs. Jim Faught and Mrs. G. W. Joplin.

A two-tier cake iced in green and white was served by Mrs. Hogan. Mrs. Carricker poured punch from a crystal set. The table was laid with a drawn work cloth over green.

Those attending the tea were Mmes. Upshaw and Billy Wayne Early of Roby, Mmes. J. S. Potts, Ovie Rockley, Hob Reed, P. P. Cooper, Bill Polk, Jerry Crowley,

### Hamlin Women Go to Haskell Installation

Five members of the Hamlin Business and Professional Women's Club were in Haskell Tuesday evening to attend the installation meeting for new officers of the Haskell B&PW Club.

Mrs. E. M. Wilson, director of District 7 of B&PW Clubs, officiated at the installation ceremonies.

Others from Hamlin attending the gathering were Mrs. Vera Nobles, Hamlin club president, Mrs. Ed Bailey, Mrs. Tommy Richey and Mrs. Kenneth Riddle.

T. H. Milner and Rackley; and Misses Judy Cooper, Dorothy Polk and Gail Mitchell; and Mrs. Charles Kluck of Abilene.

### Intermediate GAs And YWA Will Be in Camp Next Week

Intermediate Girls' Auxiliary and Young Woman's Auxiliary Baptist District 17 will be held at Lufkin Baptist Encampment grounds next Monday through Thursday.

This will be the second camp of the season. Intermediate RA groups are in camp this week, camp opening June 18 and continuing through June 21.

Rally Day, which initiated the Baptist camps for the summer, was held Monday.

Mrs. Dub Jackson of Japan and Charlene Jones of Brazil will be camp missionaries for the Intermediate GA-YWA camp.

Rev. Calvin Bailey, pastor of the Second Baptist Church of

### Calvary Church Group Attends Encampment

Eleven from the Calvary Baptist Church of Hamlin were among the approximately 150 who attended the Central West Texas Baptist Encampment last Monday through Wednesday.

Churches from all over West Texas were represented at the encampment. Good program were presented, featuring denominational leaders.

Ranger, will be camp pastor.

Mrs. Harry C. Wigger, state WMU worker; Mrs. Lawrence C. Trott of Abilene, district young people's secretary; and Mrs. O. B. Woodrom of Abilene, district WMU president, plan to be on hand for the camp.

Cost of the camp will be \$6. Registration will begin Monday

Going from the Calvary Church were Rev. and Mrs. W. C. Rea, Mr. and Mrs. L. B. Bruner and two children, Mr. and Mrs. Carl Brigham and three children.

## TELEPHONE TALK

by George K. Board, Manager

### Vacation Tip

I guess everybody looks forward to that once-a-year vacation, and probably wishes it came round more often. And since this is the start of the vacation season, it's a good time to remind you how your telephone can help you have a better vacation.

After you have the fishing gear and everyone's bathing suit tucked away in the car ready for an early morning start, why not call ahead Long Distance?

It's the courteous thing to do if you're visiting relatives or friends. That way, they'll know about when to expect you.

It's the smart thing to do if you're stopping at a motel or hotel on the way. With reservations, you can drive a couple of more hours and put more miles behind you. No need to stop early in order to get accommodations.

More and more, nowadays, people count on Long Distance to help them enjoy their vacation more. Remember: Your calls go through twice as fast when you call by number. And rates are lowest on station-to-station calls every night and Sundays.

### A Family Friend

You know, the telephone has always seemed to me to be a real "friend of the family."

Mother uses it to do a lot of her shopping, and to "visit" with friends around town.

For Dad, it's a big help in carrying on his business, and keeping in touch with what's happening in community affairs.

And for the growing children at your house, it's probably a "must" for asking their friends over to visit, or asking them where's the best place to meet for the weekly walk to the movie.

These are probably just a few of the ways in which the telephone proves itself as a family friend—always ready to help you and your family keep in touch.

### You'll Love the Convenience

If you already have an extension telephone in your home—or your office—you know first-hand how many steps and how much time you save every day.

If you haven't ordered an extension yet, why not do it today, and find out how much you'll like the convenience of an extension telephone, installed wherever you want it.

Just call the telephone company to place your order. The cost is \$2.00 for installation, and the monthly extension rate of \$1.00.

Call by number. It's twice as fast.

## New Methodist Pastor Speaks at Rotary Luncheon

New pastor of the Faith Methodist Church in Hamlin declared that he probably will be given another chance by the Methodists despite that his last pastorate was at Last Chance, Colorado, when he spoke at the Wednesday noon luncheon of the Hamlin Rotary Club at the oil mill guest house.

The young minister, full of enthusiasm and zeal, said he was delighted to be assigned to this thriving, friendly little West Texas city, where his church is planning a building program. He proved his ability as a spinner of yarns following his introduction as Rev. Henry C. Adair.

Besides the new minister other guests at the Wednesday luncheon included Fred Barrow, A. B. Youngblood, Ellis Gancey and George Barron of Abilene; W. J. Bryant, Bernard Bryant and W. M. Blackburn of Stamford; J. Joseph of Ranger; George Leonard of Sweetwater; and Rev. Darris Egger of Hamlin.

### CROSSED WIRES.

A college senior dated a young lady from a nearby girls' school a few times. Then some weeks passed, and when she hadn't heard from him, she sent a telegram reading: "Dead, delayed or disinterested?"

To which the young man wired back promptly: "Hunting, fishing or trapping?"

We cannot always oblige, but we can always speak obligingly.—Voltaire.

## State Capital NEWS

By Vern Sanford, Manager, Texas Press Association.

Austin.—Next month, for the first time in 24 years, Texans will be asked to vote—not only on men—but directly on issues.

State Democratic executive committee members have approved the placing of three questions on the primary ballot. Voters can express their desires for or against:

1. Legislation exempting a child from compulsory attendance at integrated schools.

2. Legislation "perfecting" laws against intermarriage of negroes and whites, and

3. Use of interposition to halt federal encroachment on states rights.

Majority approval presumably would constitute a mandate for action by the next Legislature.

Historically, such voter referendums seldom have been used. And not too successfully. Present procedures, still substantially unchanged, were set up with the passage of the Terrell election laws in 1907.

In the nearly 50 years since then referendums were held only three times. And failed to pass twice. In 1908 a prohibition proposal was voted down more than two to one. In 1919 the people rejected three to one a proposal to call a constitutional convention.

But, in 1932 Texans voted overwhelmingly in favor of repealing the federal prohibition amendment. A year later the Legisla-

ture followed suit and ratified the repeal amendment.

This was the last referendum submitted until this year.

In other action the state executive committee certified a list of 31 candidates for state-wide office. It ignored a charge by Reuben Senterfitt that Price Daniel's name was ineligible to appear on the ballot because he had not resigned his U. S. Senate post.

Fort Worth was selected by the committee as the site for the September 11 state convention. Principal business at that time will be naming new party officers and deciding on a general election platform for the Democratic gubernatorial nominee.

Texas Republicans will hold their August 28 state convention in Corpus Christi. GOP nominees for state office, presidential electors, a new state chairman and a general platform will be decided upon at that time.

Selection of the convention site was made at the party's state executive committee meeting in Austin.

Committee members sent President Dwight D. Eisenhower a telegram asserting their confidence that he will carry Texas and be re-elected in November.

Demands that Texas congressional districts be realigned were heard at both political party meetings.

Texas was allotted an additional congressman after the 1950 census. Since the Legislature has rejected redistricting bills for the past two sessions, the extra man is elected by the entire state.

Biff Elkins, candidate for congressman-at-large, told the Democratic executive committee the main plank in his platform is to have the office he seeks abolished.

Republican National Committeeman Jack Porter said the GOP legal committee might seek federal court action to force the Legislature to redistrict.

"It's no fair to have the same representation from districts of 100,000 as you do from areas with more than a million," Porter has charged.

In a report made public by the Insurance Commission, TVman Drew Pearson received the brunt of the blame for luring Texans into investing money in the now defunct US Trust & Guaranty Company. The report was based on answers to questionnaires sent

**FRED WHITAKER** was initiated into juggling in Germany when he was only 12. Expert tutoring and rigorous gymnastics since have resulted in an act instantly successful with crowds coast to coast. His only in-person appearance in this part of Texas this year will be at the electric fair at Roby next Thursday and Friday, June 28 and 29.

draft purchasers by the state liquidator's office.

Questionnaires were answered by 3,608 purchasers. They represented investments of \$4,711,132. Nearly half of them charged Pearson with influencing them into buying. This because of his personal, oft-repeated statement that "You can put your trust in U. S. Trust."

Because Pearson personally recommended the purchase, the TV broadcaster several months ago pledged to refund all "profits" made on his commercials. As of this writing the Insurance Commission's records do not reveal any such repayments by Pearson.

Public officials are not immune from civil liability for acts in connection with their duties. An Austin district judge so ruled in a case involving two former employees of the insurance commission.

Examiners Larry W. Blanchard and Robert R. Butler are among more than 50 defendants in a \$6,890,000 damage suit. It was filed by the state liquidator against those allegedly responsible for the 1954 collapse of the big General American Casualty Company of San Antonio.

Another six-month delay seems likely before the trial of George B. Parr on income tax evasion charges takes place. Parr's plan to have the trial in Laredo, rather than Austin, was rejected by the U. S. Supreme Court. U. S. attorneys promptly asked Judge Ben H. Rice of Austin for an early setting, preferably in July. But Parr's attorneys said they will file for a rehearing before the Supreme Court. Such action could keep the case from coming up until January of 1957.

Parr was first indicted in 1954. He is charged with filing false returns in 1949, 1950 and 1951 and failing to pay the government \$86,000.

State health officials are urging parents of children who will enter school for the first time to avoid the "birth certificate bottleneck."

In past years thousands of requests have swamped the department in September. An estimated 260,000 children will be eligible to enter the first grade this year.

Soaring heat and lack of rain is withering Texas crops and pastures in all areas except the high plains, reports the U. S. Department of Agriculture. The high plains still are green after three consecutive weeks of showers. . . . May was one of the best contract

## VETERAN QUESTIONS

The questions and answers below about veteran problems are carried as a service to present and former service members by The Herald. Material for this column is supplied by the area office of the Veterans Administration at Lubbock.

**Question**—I have just gone on active duty, and I am covered by \$10,000 free indemnity. Am I supposed to send VA a list of my beneficiaries?

**Answer**—Your list of beneficiaries should not be sent to VA. It should go to your branch of service instead. The military departments maintain these records for servicemen.

**Q**—I had two periods of Korean military service—one from 1950 to 1952 and another from 1954 to a few weeks ago. What is my deadline for starting Korean GI training—three years from my first discharge or three years from my second?

**A**—Your starting deadline is three years from your second discharge. Veterans with more than one period of service during the Korean conflict compute their deadline from their final discharge.

**Q**—I am a Korea veteran. Must I have 90 days of service within the Korean conflict period to qualify for a GI loan? I entered service the middle of January, 1955, and the "conflict" period ended January 31, 1955.

**A**—All 90 days need not be within the Korean conflict period. What you need, generally, is a total of 90 days of service, with any part of it falling within the Korean conflict period.

**Q**—I am a disabled Korea veteran. Will I get help in choosing a course of vocational rehabilitation training under public law 894?

**A**—Yes. You will receive vocational counseling to help you get a better idea of your aptitudes and abilities, so that you will be able to make a wise choice of training objective.

**Q**—I bought a house with a GI loan. Occasionally I earn a few extra dollars on the side, and I'd like to use this money to pay off the loan in advance. Is there any minimum set for these prepayments or may they be for any amount?

**A**—Your prepayment may be for either one monthly payment or \$100, whichever is less, or in multiples of either one of those payments.

**Q**—I have a lapsed World War II permanent GI insurance policy. If I reinstated it, would I be entitled to all the regular dividends which have been declared during the time it was lapsed?

**A**—Yes. In fact, those dividends could be applied toward the cost of reinstatement, thus reducing the cash outlay.

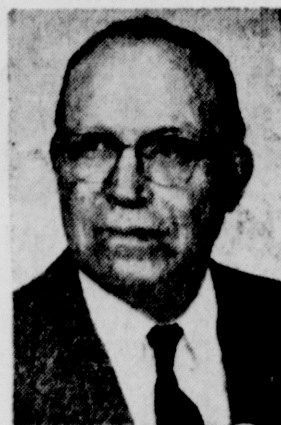

award months in Texas construction history. The \$168,102,823 contracted in May brings the 1956 total to \$372,000,000. That is better than the record year of 1953. . . . Eleven South Texas counties have been quarantined against shipments of citrus fruits from Mississippi, Florida, Louisiana and Alabama. Purpose of the state Department of Agriculture's ban is to prevent a possible infestation of the Mediterranean fruit fly into Texas groves.

### JOHN LEE SMITH

of Lubbock

FOR

LT. GOVERNOR

John Lee Smith Says:

"A public office is a public trust and its influence should never be bartered to enrich the office holder.

Let's clean out the graft and corruption in Austin, give the people a square deal . . . not a double deal."

John Lee Smith served as Lieutenant Governor from 1943 to 1947.

VOTE FOR A WEST TEXAN

### VISITING IN EAST.

Horace Scales, long time railroad man at Hamlin, left Tuesday for Philadelphia, Pennsylvania, to visit for several days with his daughter, Mrs. Christine Nell. While in the East he and his daughter will visit Mr. and Mrs. Bob Nell in New York City.

A town must have a population of 12,000 before it can be a city.

### VISITING PARENTS.

Mr. and Mrs. Buddy O'Neal and young daughter, Debbie, are visiting with their parents, Mr. and Mrs. John O'Neal, for several days. The younger O'Neals live at Lubbock.

Bloodshed, war and oppression belong to the darker ages, and shall be relegated to oblivion—Mary Baker Eddy.

### JUST REWARD.

The bride had just served her first meal in her new home. "What will I get, dear," she asked, "if I cook a dinner like this every night?"

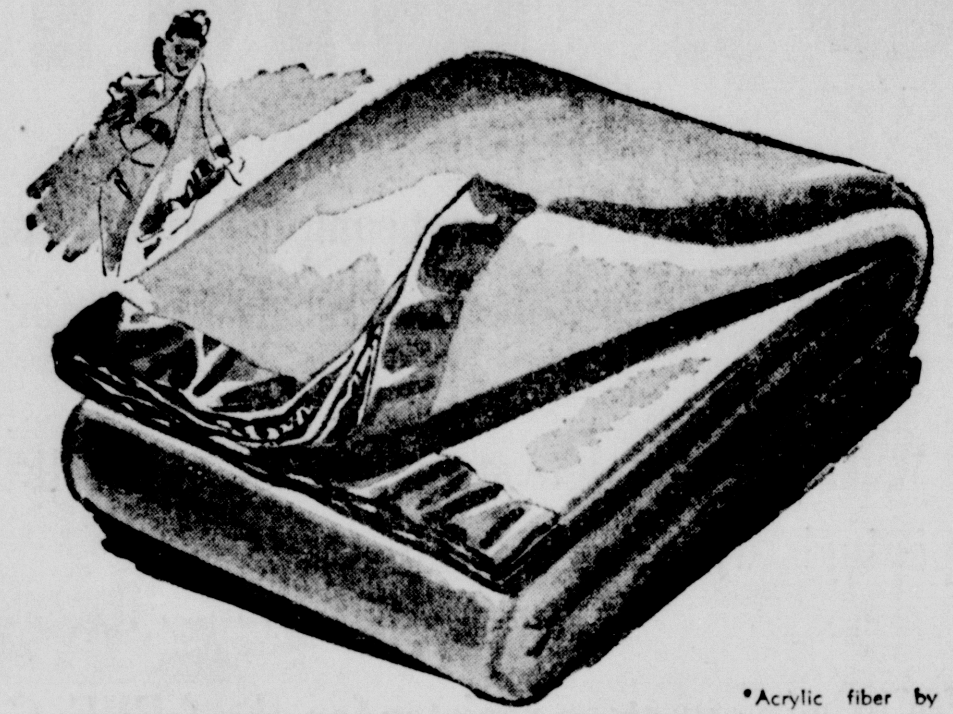

Replied her husband, gloomily, "My insurance, no doubt."

Boston, Massachusetts, has the largest drydock in the United States.

### Officers for Year Installed Tuesday For Hamlin Lions

Officers for the ensuing club year beginning July 1 were installed at the Tuesday noon luncheon meeting of the Hamlin Lions Club at the oil mill guest house. Herman McBride, long time member and official of the Hamlin club, officiated at the installation ceremonies.

Taking office were: Edgar Duncan, president; Jess Parrish, first vice president; Fred Smith, second vice president; Jim H. King, third vice president; Donley Williams, secretary; George Campbell, treasurer; Truman Nix, Lion tamer; Stanley Shepperd, tail twister; and Joe League, B. V. Newberry, Hollis Madden and Bobby Crowley, directors.

Dr. Bill Seals, retiring president, will be an ex-officio member of the board of directors.

Perfect attendance pins for the 1955-56 club period were presented to C. C. Bailey, B. O. Bell, Haskell Carter, Arlie Cassle, Bobby Crowley, Edgar Duncan, W. T. Johnson, Willard Jones, Jim H. King, Claude Lancaster, Herman McBride, Joe McCarty, B. V. Newberry, Harry Martin, Jess Parrish, Bill Seals, E. O. Sipe, Fred Smith, A. Spencer, E. C. Croan and Donley Williams.

Guests at the Tuesday session were Joe Hudspeth, Henry Adair, Austin Siburt and Austin Poe, all of Hamlin.

A decibel is a unit for measuring sound.

### STRICTLY BUSINESS

### Parking Meters Put on Shelf at Stamford

Parking meters at Stamford went into storage Saturday for a six-month period, and parking of vehicles in the business district will be free.

The action was taken Friday following a meeting of the City Council. The government group was urged by 37 business heads to void the parking meter ordinance for that period. Heads of meters are being removed and stored pending final action.

**PREACHING** in a series of revival services that began at the Foursquare Gospel Church in Hamlin Tuesday evening is Rev. Sidney Westbrook of Brea, California (above). Services are being held each evening at 8:00 o'clock.

James A. Farley's middle name is Aloysius.

### Baptists of County Meet With Noodle Church Thursday

Representatives from the 29 Baptist churches of Jones County are due to assemble this (Thursday) evening at the Noodle Baptist Church, 22 miles south of Hamlin when the monthly workers' conference of the Jones County Baptist Association for June convenes. Theme of the session will be "Training Union Emphasis."

Complete program for the gathering follows:

5:00 p. m.—Executive and Women's Missionary Union board meetings.

6:00 p. m.—Supper.

7:00 p. m.—Song and praise service.

7:15 p. m.—Announcements.

7:30 p. m.—Program: "Our Best Required . . ."

"In Singing—Boys' Quartet of Stamford First Church.

"In Future Plans"—Panel discussions—Training Union Director, Joe Breed; Sunday School Superintendent, Hae Phillips; W. M. U. President, Mrs. Johnny Agnew of . . . Pastor, Gene McCombs; Brotherhood President, Rod Latta of Stamford First Church.

7:55 p. m.—Congregational Singing.

Business period.

8:10—Girls' Trio from First Church hat Lueders.

8:15—"Our Best Required . . ."

"In Extra Union Training," Mrs. Annie Bonds; "In Program Plans," Rev. B. L. Davis; "In Efficiency," Rev. Clyde Cook; "In Study Course Work," Rev. E. R. Holder; "In Mission Activities," Rev. Woodrow McHugh of Hamlin North Central Avenue Church.

9:00 p. m.—Adjourn.

### Two New Army Units Open for Enlistments

Two Army "Gyroscope" units, scheduled for future service in Europe, will accept direct enlistments of young men from this area who have not had prior military service, it was announced by Master Sergeant Willis Carlton, who makes regular call at the Hamlin post office each Thursday afternoon until 4:00 o'clock.

Additional information regarding this choice of Army service may be obtained at the U. S. Army recruiting station, Room 307, post office building in Abilene, or from Sergeant Willis at Hamlin.

### Gerald Hood Joins Sales Staff at Hamlin Of Murrell Chevrolet

Carl Murrell Chevrolet Company of Hamlin has announced the appointment of Gerald Hood of Sylvester to its sales organization.

Gerald is the son of Mr. and Mrs. Harvey Hood of Sylvester, and a 1956 graduate of Roby High School. He plans a college education of business administration, with merchandising as his major. He is a natural salesman, declares Carl Murrell, and his enthusiasm about Chevrolet and automobiles generally is catching.

Gerald will aid Edward Gardner and Mr. Murrell in their program of selling new and used cars and trucks in the Hamlin trade territory. His friends and acquaintances are invited to call him for show and demonstration of what he has to sell, declares Murrell.

Good manners and soft words have brought many a difficult thing to pass.—Aesop.

Ben Jonson, English poet laureate, is buried in an upright position in Westminster Abbey.

In one Yoakum school room the teacher is in one county while the pupils are in another.

### Are You a Home-Towner? Do You Buy From Your Friendly Local Merchants?

### REFUGE and STRENGTH

Into the House of God they have come for spiritual strength and comfort. The care or sorrow or need which brought them here is not important. It is important that the experiences of a lifetime have taught them that God is their refuge and their strength.

The beauty of faith shines in their faces, and from this devout worship they will go forth stronger in spirit.

But faith is not the exclusive possession of age. From childhood to the grave, man may find hope and comfort and peace in God. For faith banishes fear, overcomes difficulties and imports new life.

In these troubled days, men need religion more than ever before. In the presence of vast powers hitherto unknown, we may feel frustrated and helpless. Human problems lie heavy upon our spirits. But God is a Rock of Refuge and Pillar of Strength to those who trust Him. Come to the House of the Lord.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plans to go to church regularly and read your Bible daily.

## Small Businesses Need Subsidy or Other Assistance to Survive, Babson States

Roger Babson, famous analyst and economist, who is a regular writer for The Herald, declares that he was recently asked what was the most important thing he

had learned during his 50 year in active business. His answer is what an outstanding surgeon of New England Dr. William W. Babson, once said to him: "Roger, remember that no two people are alike—what's food for one may be poison for another and vice versa." This was brought home to me only recently when reading in the Reader's Digest an article praising aspirin for arthritis.

After finishing my reading of the Digest I picked up an Encyclopedia of Health by J. I. Rodale of Emmaus, Pennsylvania, who has systematically collected what are recognized as best opinions on a hundred physical ailments. This book lists aspirin as a very dangerous product, 50,000,000 tablets of which are being consumed daily. I have great respect for Mr. and Mrs. DeWitt Wallace, editors of the Reader's Digest, but I wonder if they realize the tremendous risk they run as their circulation becomes bigger? My purpose, therefore, this week is to further the urge of my friend Ernest Gaunt, and appeal for a subsidy to the small publisher, the small businessman and the unknown genius. These may be the hope of America, and not "big business," which assumes all people to be alike.

After spending many years and millions of dollars educating young people, I am convinced of the great importance of small colleges, small schools and classes. Figures may show that costs of so-called education may be decreased by consolidated schools, state universities and other attempts at mass education. Having learned, however, that all young people are different and are entitled to different instruction, I have concluded that the solution is to teach young people to educate themselves. When the "do-it-yourself" movement extends to education, we will begin to get good results and at very much less expense.

The labor union movement is fulfilling a need in combatting the misused power of employers; but it will some day break up or it sown weight due to the inherent differences in people. Its present program of paying every workman in a certain group the same wage is against human nature. I forecast that for labor unions to succeed they must recognize initiative, energy, intelligence and other qualifications.

Some day the small business man will have to be helped by a subsidy of some kind, especially to use for advertising. There is a demand for every product which has been found useful. More candles are sold today than ever before; more hard wood is sold for fire-places; horses and mules for racing sell at higher prices today than ever. There are buyers awaiting every product and service, if the public only

knows where to get them.

Therefore, let no small businessman get discouraged. As the Good Book says (see Ecclesiastes 9:11): "The race is not to the swift, nor the battle to the strong." If America will do right I have no fear of communism with its standardization of everything. We, however, must encourage the unknown genius, the small manufacturer and the little specialty store "around the corner."

It seems too bad that Protestantism should be divided into 250 denominations. I have great respect for the Holy Catholic Church. I often wish there were some way that the Roman Church and these 250 Protestant denominations could be combined. On the other hand, if religion is largely a matter of spirit and emotions the next great new horizon may be the study and harnessing of these spiritual powers which are now so divided. I have learned that the world is ruled by feelings rather than by figures; and that we have not given proper consideration to the different feelings of different people.

I admire the work the presi-

dent of the New York Stock Exchange is doing to popularize investments. If, however, his idea is carried too far, it may result in a great stock market panic. Too many people, for instance, are being advised to invest in the standardized "blue chips." Investments cannot safely be standardized. An investor should make purchases according to his age, responsibilities, temperament and the kind of work in which he is engaged. He needs an investment counselor to advise him about this. People are different and free enterprise will succeed only as this difference is recognized in every field.

## Milk Producers of Area Get \$6.02 for Record May Output

Producers supplying milk to Central West Texas handlers will receive \$6.02 per 100 (4.0 per cent) for base milk during May, according to an announcement by Byford W. Bain, market administrator.

Base price of \$6.02 per 100 pounds for base milk is subject to location differentials, delivered at Lamesa and Midland, Brownwood and Mineral Wells.

Central West Texas producers, including a number in the Hamlin region, delivered 12,251,284

pounds of base milk and 2,211,806 pounds of excess milk, or a total of 14,463,090 pounds, during May. Total delivered base milk exceeded the volume of producer milk classified as Class I, resulting in 1,427,302 pounds of base milk being classified as Class II.

One twentieth of the world's population lives south of the equator.

A polite man is one who listens with interest to things he knows all about, when told him by a person who knows nothing about them.—DeMorny.

War will disappear, like the dinosaur, when changes in world conditions have destroyed its survival value. — Robert Andrews Millikan.

# YOU DRAW DIVIDENDS

*from every business enterprise in the community where you live*

If some good neighbor with a popcorn stand was giving you part of his profits every day...

... you would probably give him ALL of your popcorn business ... you might even try to influence other neighbors to take up popcorn ... and to buy it at home.

Actually, you DO share in the profits of EVERY business in your home community, because a BIG PART of the gross margin on every local business transaction goes toward the support of things that benefit YOU and everyone else who lives here.

Such as schools, churches, roads and streets, fire and police protection, jobs for more people so that we can keep among us MORE good teachers and preachers and doctors and other skilled folks. And so we can have more stores that are better stocked for our convenience and for our EMERGENCY needs.

Because we don't get these benefits in cash, we sometimes forget that ALL home business is really OUR BUSINESS. And some of us even forget ... and trade somewhere else ... when OUR OWN PAYCHECK depends on keeping this community prosperous.

*It Pays to Buy where You Live*

Of all the business establishments in the world — only those in Hamlin are sincerely interested in the future of Hamlin and in the future of YOU who live here ...

**POPVALVE**  
★ Being a column in which the publisher just "blows off the steam".  
By June Jones

**OCCASIONALLY** our hand is called on some statement that is printed in The Herald, and let us state here that we are not resentful of criticism of our errors that happen in the best regulated—dailies and weeklies alike. All of which proves that printers are human and subject to mistakes just like all other people we know. Only rub is that a printer's mistakes show up in black and white; whereas a speaker can say he didn't say it or do it!

There is one consolation we find in our occasional errors, found in the comment of another publisher recently:

In case you find a mistake in this paper, please consider it was there for a purpose. We publish something for everybody, and some folks are always looking for mistakes.

★  
**SPARKS OF HUMOR** light Congress at times. For instance, Representative Carl Hinshaw of California last month gave puzzled business men these definitions of words used by government officers:

Program—Any assignment that can't be completed with one phone call.

Consultant or Expert—An ordinary guy more than 50 miles away.

Under Consideration—Never heard of it.

Under Active Consideration—We are looking for it in the files.

Conference—Where conversation is substituted for the dreariness of labor and loneliness of thought.

Board—1. Made of wood; 2. Long and narrow; 3. Sometimes warped.

Reliable Source—The guy you just met.

Informed Source—The guy who just told the guy you just met.

Unimpeachable Source—The guy who started the rumor originally.

Make a Survey—Need more time to think of an answer.

Note and Initial—Spread the responsibility.

★  
**JUST TO GIVE** both of our readers of this column something to think about, we offer this brain-teaser:

Three young engineers seeking a promotion were given a test. A spot of paint, either red or blue, was put on the forehead of each while they were blindfolded. They were sitting in triangular fashion so that each could see the other two.

The personnel manager, who was conducting the test, asked each man who saw at least one blue spot to raise his hand, and all three did.

Then he asked that the man who first figured out, and could prove, which color was on his forehead, to raise his hand again. One man looked at each of the other two, saw that they both had blue spots, hesitated a moment, and raised his hand.

His explanation satisfied the personnel manager and won him the promotion. In story form, here is the winner's chain of reasoning:

While the blindfolds were being put on, the winner-to-be whom we can call Al, cleared his brain for action. He knew he was up against a pair of men who were for all practical purposes his equal in mental ability, and he recognized the problem as one requiring the indirect method of proof.

Al realized, as soon as all three men raised their hands, that there must be at least two blue spots, and he knew the other two realized this also. Had there been only one blue spot, only two men would have seen it.

Since all three saw at least one blue spot, Al reasoned, if he were red, each of the other two would know immediately that his own color had to be blue.

And since neither of the other two raised his hand immediately with the answer, Al knew his spot was also blue and said so.

★  
**THESE WOMEN** always are a good topic for conversation. For example . . .

It's a woman's privilege to change his mind.

When a man and woman marry they become one. Of course, they must decide which one, and that is often where the storm starts.

A psychiatrist gets paid for asking a man the same questions his wife asks for nothing.

**CANDIDATES AT RALLY**—Ralph Yarborough, candidate for governor, addresses a gathering at Hearne Alfalfa Festival political rally. Two other candidates for the office, J. Evetts Haley, left, and J. J. Holmes, center, sit on the platform. It was at this rally that Haley called remarks by Yarborough "a bald face lie", and Yarborough referred to Haley as "a minor candidate."

## New Federal Appropriation For Brazos Surveys Allowed

### Upper Stretches Of Tributaries To Be Investigated

Interest in flood control, irrigation, and commercial water possibilities from the upper watershed of the Brazos River in Central West Texas took on new life again this week with announcement from Washington that the House committee on public works has authorized an additional \$57,500 for expansion of surveys on the Brazos River and its tributaries.

While full details of the proposed surveys could not be ascertained by The Herald first of the week, it is believed that part of the appropriation would be used on the Double Mountain Fork of the Brazos River, which is nine miles north of Hamlin.

Independent preliminary surveys of possibilities on the river north and west of Hamlin were made in 1955 by Freese & Nichols of Fort Worth at the insistence of the water resources committee of the Hamlin Chamber of Commerce. The survey was financed by the Hamlin CC at the time.

Following the report of feasibility of the Freese & Nichols firm, the Hamlin civic organization asked for more time from the Texas Water Resources Board to make further study of the project. Since the demise of the Chamber of Commerce no further work has been done on the plan.

Fred Brown of Mineral Wells, a director and member of the executive committee of the Brazos River Authority, said he believed it is contemplated to examine the Brazos River and its tributaries above Possum Kingdom Lake to try to locate sites for dams or any other water conservation projects.

It has been contemplated that there are irrigation possibilities north and west of Hamlin. Use of water for repressuring of oil fields of the section also has been listed as a possibility.

The BRA and the Corps of Engineers have done a tremendous amount of work and have fairly complete maps of the Brazos River and its tributaries, Brown said.

He believed the money authorized for expansion of surveys would be for additional studies on the upper regions of the Brazos.

It would take 53 years for an airplane, traveling 200 miles per hour, to go from the earth to the sun.

### C. Austin Siburt Is New Minister at Church of Christ

C. Austin Siburt is the new minister of the Hamlin Church of Christ, he having moved to this West Texas metropolis over the week-end.

The new minister comes here from Henderson, in East Texas, where he had been preaching for two years. He previously has held preaching assignments at Chattanooga, Tennessee, Jackson, Mississippi, and at Denison, Tyler and Bonham, Texas.

Siburt is a graduate of Freed-Hardeman College of Henderson, Tennessee, and has done special work at Yale University.

He succeeds E. M. Borden Jr., who went to the Wheeler Church of Christ nearly a year ago. In the interim period the local pulpit has been filled principally by Ed Brown of Abilene.

The new citizen and his family are occupying the church's minister's home just south of the church on Southwest Avenue A. The Siburts have three children: two daughters, Elva, 16, and Myra, 13; and a son, Charles, nine.

### Attendance at City's Sunday Schools Shows Gain Over June 10

Sunday School attendance at the 13 reporting churches took a lead last Sunday over the preceding Sunday, tabulations show. The total of 1,224 for June 17 also was more than 100 greater than the year ago total of 1,118.

### Baptists of District 17 Open Encampment

Big delegations from Hamlin Baptist Churches were among the scores of Baptists of District 17, embracing 15 Central West Texas counties, attending the opening of the Lueders Baptist Encampment Monday at Lueders.

Outstanding Texas denominational leaders spoke. Monday afternoon the Intermediate Royal Ambassador camp opened for a week.

# Parking Meters in Hamlin Discussed at Mass Meet

## Three New Wells In Hamlin Region Tabbed During May

Despite a let-up in drilling in the Hamlin region in recent months, the oil business is not a dead issue by a long shot. In fact, the decrease in new wells is state-wide in the face of lowered oil production allowances. It is pointed out by operators.

Substantiating the fact that the Hamlin section is holding its own in the business, three new wells were tabulated for the month of May, being one-eleventh of the 33 new wells in the Central West Texas area. They were:

Wren D. Sorrells of Fort Worth No. 1 G. A. Poe, was a Strawn and discovery, two miles north of Hamlin. Located in Section 183, Block 1, B. B. B. & C. Railway Company Survey, the well had daily flowing potential of 369 barrels of oil and seven percent water daily from 5,348-61 feet.

Re-entry of a plugged wildcat resulting in opening a Noodle Creek strike west of Hamlin near Rotan. It was Ray Smith Drilling Company of Dallas No. 1 Virginia Weems in Section 170, Block 2, H. & T. C. Railway Company Survey. Completed on a pump, it gauged 35 barrels of oil and 3 5/8 barrels of water daily from 3,633-46 feet.

King land production was opened by the Millsap pool 10 miles south of Hamlin. That strike was Hayden Farmer of Olney No. 1 J. I. Millsap in Block 59 of Harrison County School Lands Survey 333. It flowed 100 barrels of oil in 10 hours from 3,289 to 2,293 feet.

## Abilene Man to Lead In Colored Services

Nokomis Yeldell, colored evangelist of Abilene, will do the preaching in a series of gospel services being sponsored for the colored people of Hamlin by the Hamlin Church of Christ, it is announced by C. Austin Siburt, new minister of the church. The services will begin Monday evening at 8:15, and will be conducted each evening.

The gospel meeting will be held in the open air on a lot one block each of the West Texas Utilities sub-station.

In charge of the music will be Sherman Metcalf, also of Abilene. The public is invited to the services, it is announced.

**FIRST BALE OF COTTON DELIVERED**—G. A. Bingham, of Mission, stands in front of his truck with the first bale of 1956 cotton which he delivered at Harlingen. Jeff Bell, right, manager of the Harlingen Chamber of Commerce, which sponsors the annual event, checked Bingham in just a few minutes before his closest rival.

## Petition Signed By Merchants Is Presented Council

Fate of the parking meters in Hamlin was to be determined at a special meeting of the Hamlin City Council scheduled for this (Thursday) morning at the city hall.

This decision was reached by members of the council after they had met with 36 merchants and other interested people of Hamlin Tuesday afternoon in a conference on consideration of removal of the meters on a six-month trial period.

Some of the merchants attending the meeting contended that parking meters were keeping people from coming to Hamlin to trade, in view of the fact that several neighboring towns have free parking. Anson, Roby, Rotan and Aspermont, for example, have never had meters. Stamford last week-end declared a moratorium on the meters for a six-month period.

Parking meters, it is pointed out, have been a moot question since their inception. There are arguments for and against the meters.

Proponents of the meters point to the time before meters were installed in Hamlin in 1946 when parking space was at a premium. Store employees and others would park their cars all day long on the streets, preventing would-be shoppers from using the space near the stores.

Opponents of the meters contend that parking should be regulated, with a possible two-hour limit being placed on parking on the main business streets. This plan probably will be put into effect in Hamlin.

## Rebecca Ann Ferguson Named Rodeo Sponsor

Rebecca Ann Ferguson, daughter of Mrs. Thomas Ferguson, has been named rodeo sponsor from Hamlin to the 1956 Texas Cowboy Reunion at Stamford, slated July 2, 3 and 4.

Rebecca Ann is being sponsored by the Hamlin Business & Professional Women's Club. She will appear on horseback in the daily parades and compete for the reunion Queen place.

# Historical Pageant Planned by Anson

Anson is preparing to put out the welcome mat for all Jones County when a pageant depicting the early history of the county and its county seat will be staged in the football stadium Tuesday and Wednesday, July 17 and 18.

The story, written by Robert Nail of Albany Fandangle fame, tells of the pioneer days and the county's first families—including many families and individuals who migrated from Anson to Stamford, Hamlin and various other points in the county. The story is based on authentic data compiled and written by Hybernia Grace and the late John R. Hutto, veteran teacher and local historians.

All towns and communities of the county are being invited to enter floats or other appropriate entries in the big historical parade planned for July 17, preceding the initial showing of "The Anson Story." The parade will follow the general theme of the pageant to depict characters, costumes or modes of travel for the various 10-year periods of history, starting with Spanish exploration and settlements.

Persons from all parts of the county are being cast in the 11 episodes of the pageant which will be directed by Mrs. E. T. Pittard. Queen of the pageant will be determined in an advance ticket sales contest, and the queen and court will be presented at each showing of the pageant.

General admission tickets are \$1 and reserve seats will be \$1.50 each.

## Annual Meeting of Midwest Oil Mill Unit Set Thursday

Ginners and others interested in the cotton business in Central West Texas will be principal figures in the fourteenth annual meeting of the Midwest Cooperative Oil Mill today (Thursday) at the mill's guest house, according to R. L. McClung, manager.

The session will start at 10:00 o'clock Thursday morning, and will continue into the afternoon. Luncheon will be served by the mill to attendants at noon.

A program of entertainment and business will consume the day's time. Directors for the corporation will be formally elected who have been nominated by mail by the member gins. A review of the annual audit also will be given. Checks for the current year's patronage dividend will be passed out at the end of the session.

The oil mill is owned by 29 gins of Central West Texas. Officials of the gins and their families are invited to attend the meeting.

## California Evangelist Doing Preaching in Foursquare Revival

Stirring gospel messages are being delivered by Rev. Sidney Westbrook at the Foursquare Gospel Church, corner of Southwest Avenue D and First Street, according to Rev. Carl Poole, pastor. The series of services began Tuesday evening, and will be conducted each evening, to which the public is invited.

Rev. Westbrook is one of the leading evangelists for the denomination, Poole declares. He formerly was pastor of churches in West Texas before going to California.

Rev. Poole and his congregation urge the people of the community to attend the services and participate in the musical program and worship.

## Jones County Ranked Eighth in May's Traffic Accidents for 13-County District

Jones County ranked eighth in traffic accidents in the 13-county Abilene Highway Patrol District for the month of May, according to the report just issued for last month on traffic violations by Captain G. L. Morahan of Abilene, in a release to The Herald.

The county reported two personal injury and three property damage accidents with \$2,575 in damage for the month. Fisher County was fifth in the district and Stonevalley County reported no accidents.

The slow-down-and-live program is a timely project when associated with the enforcement summary of the Abilene district, said Captain Morahan. Patrolmen arrested 719 persons for speed violations last month, which shows a need for slowing down, said Morahan. In fact, speed account for 70 per cent of all violations last month.

Captain Morahan reports that only one traffic fatality occurred in the 13-county district during May, 1956. However, he pointed out that to date his year 29 deaths for the same period last year.

How many of us will be around after the vacation season depends on each individual driver, Captain Morahan pointed out. He said, "Almost 50 people die each week

in Texas traffic accidents. Who knows who the next one will be?" A greater tragedy is concealed in the fact that so many innocent people die, helpless to protect themselves from the drunken, discourteous or speeding driver.

Captain Morahan warned motorists that increase in volume of traffic, high horsepower in new cars, and more untrained new drivers would certainly add to the hazards of this year's vacation season, so slow down and live!

## Clarice Brown Places Third in Posture Tilt

Clarice Brown, daughter of Mr. and Mrs. Cecil Brown of Hamlin, was named third place winner in the Texas Posture Contest, sponsored by the International Basic Technique Research Institute. She was sponsored by Dr. William A. Pattillo of Hamlin.

First place winner was Dorothy Tidwell of Mount Pleasant, and second place was taken by Beverly Collins of El Paso.

Miss Tidwell will compete for national honors with final judging being done in St. Louis by a group of fashion designers and representatives from model agencies.

Dr. Pattillo also sponsored Sue Warnell of Hamlin in the contest.

**STUDY JULY BALLOT LIST**—Mrs. Hal C. Pack, of Midland, and George Sandlin of Austin, vice chairman and chairman of the state Democratic executive committee look over the list of the candidates for the July 28th primary during the certification meeting at Austin.

## OTHER FOLKS PONDER MOVING TO TEXAS

Thousands of people in other parts of the country are pondering moving to Texas, where they have heard fabulous tales of success and opportunities. Recent discussions in several magazines shed light on this thinking.

Ever wonder if you're missing the route to an easier living, maybe even a quick fortune in Texas? One article queries. You hear tales of oil wells in every back yard, Cadillacs in every garage and more realistic stories of fortunes made in Texas oil, Texas cattle and Texas real estate. According to the editors of Changing Times, the Kiplinger magazine, Texas is growing bigger and richer, and it does provide opportunities.

But is Texas just for Texans, or does the newcomer get a break? Is Texas for you? ask the editors.

Unlike other warm states such as Florida, Texas' growth has not come from outside the state. Despite its boom and publicity it has always been at least three-quarters full of Texans and has stayed that way, the magazine reports.

Its increase in population between 1950 and 1955 ranked fifth in growth in the United States in that period. With a population of 8,563,000 there is still lots of room. Texas has space for 5,000,000 more people before its density equals that of the country as a whole.

The climate ranges from semi-tropical along the lower Rio Grande Valley to more temperate zones in the north. Among its

fastest growing cities are Corpus Christi, Houston, Dallas, Fort Worth, Lubbock, Amarillo, Odessa and El Paso.

Texas has been growing industrially by leaps and bounds. It still is no industrial giant as far as the number of workers is concerned, partly because its huge oil refineries and chemical plants require relatively few people to turn out tremendous quantities of processed materials.

There is no general shortage of workers, but many industries new to Texas are not finding enough workers trained in specialized jobs. There are scarcities of engineers of almost any description—auditors, accountants, job analysts, dietitians, commercial artists, stenographers and secretaries with special qualifications and business machine operators, according to employment agencies.

The cost of living is no lower in Texas than anywhere else, but there is no state income tax or general sales tax. Homes, when are plentiful, are mostly one-storied and conventional. Heating is cheap, but cooling units are almost essential.

Public schools have a pretty good reputation. Some are badly over-crowded, but the average school room has 26.2 pupils. There are 33 public junior colleges and 18 senior institutions.

"If you should decide to move among Texans," the magazine concludes, "be prepared to change. They are practically sure to make a Texan out of you!"

## Meet Opportunity

Opportunities do not come with their values stamped upon them. Every one must be challenged.

A day dawns, quite like other days. In it a single hour comes, quite like other hours. But in that day and in that hour the chance of a life-time faces us. To face every opportunity of life thoughtfully and ask its meaning bravely and earnestly, is the only way to meet the supreme opportunities when they come, whether open-faced or disguised.

## The Unforgivable

In mid-April the Associated Press carried this report from its Berlin bureau: "A school teacher in Communist East Germany has been sentenced to eight years in jail for taking his pupils to allied West Berlin and showing them the well-filled stores."

This is more than just another example of communist tyranny, oppression and savagery. The action taken was not only natural but inevitable—when viewed in the light of communist policies and necessities. The school teacher in question exposed 29 young people to the contamination of the West Berlin stores. And he thus created 29 prospective doubters of the communist ideology and communist claims of achievement on behalf of the masses of the people.

The stores in West Berlin follow the American pattern. They are free, competitive businesses—part of the free enterprise system which West Germany adopted after the war, and which has led to an almost incredible degree of economic recovery in a very few years. As in this country, those stores must seek to offer every possible inducement to get and keep their trade—inducement in the form of lower price, better service, more attractive looks, and so on. In the communist countries, on the other hand, there is no real competition; the state owns and bosses everything, and the philosophy is a simple one: Take what we offer you, at the price we fix, or go without!

Yes, that poor East German school teacher did the unforgivable. There is no better example of free enterprise than a good retail store—and the Lord only knows what went on in the minds of the communist youngsters when they were permitted to see one.

## Merchandising Farm Items

A short time ago the American Meat Institute announced that the packing industry, which it represents, would advertise and merchandise beef items extensively during the spring cattle run. Then it had something interesting to say about the meat situation in this country.

Beef eating has made notable advancement in recent years and now averages one-quarter of a pound a day for our school age and adult population. Last year our total meat consumption rate reached 161 pounds—the highest figure in 47 years—with beef accounting for a fraction more than half of that. Even so, we are not world leaders in this field. Uruguay, Argentina, Australia and New Zealand all have higher consumption rates than ours.

The institute's announcement said: "The best way to support continued and adequate production is to stimulate greater demand for the product of our farms and ranches. We in the meat industry can do this through promotional efforts in every direction and at the same time perform a notable service to the public by stimulating better nutrition."

That idea could profitably be applied to all the products of our farms and ranches. The big need today is to get more of our agricultural output into consumption—and less into storage.

## Editorial of the Week

### VITAL STATISTICS

A capsule summary of the finances of the state government has been provided for Texans by the Bureau of the Census.

The state's 1955 general revenue—some \$777,000,000—came from taxes (\$489,000,000), inter-governmental sources (\$155,000,000), and charges and miscellaneous income (\$133,000,000).

The state spent \$276,000,000 on education, \$196,000,000 on current operating expenses, \$171,000,000 on highways, \$145,000,000 on capital outlay, \$128,000,000 on public welfare, \$33,000,000 on insurance benefits and repayments, and \$3,000,000 on interest.

State indebtedness rose from \$110,000,000 in 1954 to \$139,000,000 last year, a 26.6 percent increase.—The Texas Observer.

## RECALLING Other Years

Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### TWENTY YEARS AGO.

News items of interest in the Hamlin community 20 years ago included the following, which are reproduced from the issue of The Hamlin Herald dated June 19, 1936:

Rockwell Brothers & Company lumber yard advertised 18-inch poultry wire at \$1.50 per 150-foot roll, and blue building paper at 60 cents per roll.

Wheat harvest in the Hamlin section is in full operation this week. The crop is turning out fine, some making upward of 30 bushels per acre. Market price for the wheat is about 75 cents per bushel, compared to around 30 cents per bushel several years ago.

Cotton and feed are looking very promising in this region.

Foy Fribble is home with a degree in horticulture from Texas Tech at Lubbock.

Delma Shelburne and Paul White are in from Texas Tech for their summer vacation.

Pearl Harris is at home after spending the past school term at Bethany-Peniel College at Bethany, Oklahoma.

Ruby and Irene Thompson left Friday for an extended visit at Hobbs, New Mexico, Lubbock, Quanah and Oklahoma City.

### TEN YEARS AGO.

Among news happenings of interest in the Hamlin community 10 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 21, 1946:

Rainfall of 1.22 inches this week brought new life to the row crops of the area. The precipitation brought the year's total rainfall to 5.79 inches, according to Bill Rountree government gauger at the city pump station.

Voting strength of Jones County may reach 6000 it was estimated this week by county officials. New interest is being shown in county, state and national elections.

No higher prices were seen in Hamlin cafes this week as a result of the relinquishing of OPA ceiling prices on prepared foods.

Brick work is scheduled to be started next week on the new \$125,000 elementary school building in Northwest Hamlin.

Jimmy Kidd, 18-year-old son of W. C. Kidd of Hamlin, lost a foot under a Santa Fe freight train at Medicine Mound, south of Chillicothe, last Wednesday afternoon while uncoupling cars on the run from Hamlin to Altus. He was rushed to a hospital at Quanah, where the foot was amputated after it was badly mangled.

General Dwight D. Eisenhower is pleading for extension of the draft law as manpower in the U. S. armed forces is dwindling to a long-time low.

### FIVE YEARS AGO.

Reflecting the news happenings of the Hamlin community of five years ago the following items are taken from the issue of The Hamlin Herald dated June 22, 1951:

Farmers of the Hamlin community have organized to conduct a systematic drive against cotton insects by promoting an intensive poisoning campaign.

Twelve members of the Hamlin Boy Scout troop No. 43 are attending the annual summer camp at Camp Tonkawa near Abilene this week. They are Sammy Vaughan, Ronnie Parker, Max Osborne, Herring Dennis, Davey Weaver, Carl Max Weaver, Bennie Carroll, Don Adair, Holly Pardue Toler, Corky Bond, Laine Fletcher and Clifford Green.

Hamlin Rotary Club members heard a report at the Wednesday noon luncheon of the annual convention of Rotary International at Atlantic City, New Jersey, made by President-Elect Carl Murrell.

### ONE YEAR AGO.

Considered news in the community a year ago were the following briefs, taken from the issue of The Hamlin Herald dated June 24, 1955:

Purchase of a new \$11,000 fire truck for the Hamlin Volunteer Fire Department has been approved by the City Council. At the monthly business session of the group Tuesday night the city's auditor declared the municipality's financial condition is good.

Water was put into the new Hamlin swimming pool this week following completion of the pool proper. Work on bath houses and other equipment is being rushed.

More rains first of the week in the Hamlin territory brought the year's total to 13.13, which is two inches above the 11-year average for this time of year.

## Long or Short Hairdos Are Good for Summer If Style Pleases Individual

Rumors fly thick and fast in the hair-dressing world, declares Vivian Brown, AP newsfeatures beauty editor, who points out: "It's up, it's down, it's long, it's short—until women take the 'who cares anyway' attitude. They wear their hair to suit their fancy and enjoy it."

Short hair is more comfortable in summer for those who can wear it. Easy to care for at play time, it is manageable after a swim. The bun-back hairdo is popular with statuesque women who have the right features. They claim it is just as easy to care for as the short coil, requiring nothing more than brushing and pinning. But that severe style does limit itself to a handful of women even though it is a charming lady-like coiffure when it is becoming.

These days even short-haired lasses may keep tresses saffron-fresh for a week or more, an asset during hatless summers and spins in convertible cars. Many beauty salons now feature a special service that they say guarantees a smooth hair setting for quite a spell. It is neither a lacquer nor hair spray.

This new stickum is applied by the operator as a thin liquid when the hair is pincurled. The claim is that it penetrates the hair shaft, imparting a pliability and

body to the hair—insurance against wind and humidity. Let's hope it works on windy days. The time under the dry is cut down by the new process, a boon to busy women. That is the most tedious part of a salon wave to most women, the only reason many women prefer coiffing their hair at home.

New summer hair styles are varied. Buffout hairdos are popular. These have a prof of side fullness that should appeal to thin-faced types. Upswept hairdos that stress frothy little ringlets have definite appeal for the young in heart as well as the mature woman. The unsophisticated hairdo—a lyrical pattern of soft waves, rhythmic continuity that is easy to keep, is likely to begin with a pompadour at the forehead and end up as a perky little duck tail at the nape of the neck.

Shakespeare, according to estimates, never made a continuous journey as far as a round trip from Boston to New York.

### SCRATCH-ME-NOT WITH ITCH-ME-NOT!

Apply ITCH-ME-NOT. In just 15 minutes, if you have to scratch your itch, your 40c back at any drug store. Use instant-drying ITCH-ME-NOT day or night for eczema, ringworm, insect bites, foot itch, other surface itches. Now at Howland City Drug. (Adv.)

## Two-County Singing Slated at Stamford

Singers and song lovers of Haskell and Jones Counties will convene in their monthly singing Sunday, June 24, at the Four-square Gospel Church in Stamford, leaders announce.

Singing will get underway at 2:00 o'clock, and the public is invited to attend and participate in the songfest.

## Officials for Hamlin TB Unit Named at County Meet Monday

Dr. W. S. Seals of Hamlin was appointed local chairman of the annual free chest x-ray program that will be held in the early fall in Jones County, when officials of the ones County Tuberculosis Association meet in regular meeting in the offices of Swenson Land & Cattle Company at Stamford Monday evening.

Buna Rountree was appointed local seal chairman. Irene Stewart of Stamford, president of the county unit, presided at the business session.

Those attending the session from Hamlin were Mrs. W. L. Hunter Jr., county seal sale chairman; Mrs. A. A. Hackley, state board member; and Mrs. E. M. Wilson.

## RETURNS TO NAVY POST.

Jack Wright, son of Mr. and Mrs. Jack Wright Sr. of Hamlin, returned Wednesday to San Diego, California, after a one-month visit with his parents and other relatives. He is in the electronics division of the Navy, being rated as a seaman third class.

## H. & M. Tire and Appliance Store Is Open for Business

Formal opening of the H. & M. Tire and Appliance Store, Hamlin's newest business institution, is slated within a few days, but the concern already is open for business in the Bowen Pope buildings, corner of Southeast Avenue A and Central Avenue, formerly occupied by The Herald.

The business is owned by Joe A. Hudspeth and Weaver Medlin of Stamford, who have been West Texans most of their lives.

Manager of the business is Hudspeth, who will move with his family here as soon as housing can be arranged. A native of Stonewall County, Hudspeth is well known in Hamlin, where he worked for Elmer Feagan in the late 1930s. He has been in Stamford for several years. He and his wife have two girls, Jorene, 13, and Glenda Sue, eight years old.

The concern will feature Good-year tires and tubes and batteries. General Electric appliances and other home and auto accessories.

Associated with Hudspeth in the operation of the store will be Frank Logan, also of Stamford, and A. J. Hallmark, who will be in the service department.

## Santa Fe Carloadings For Week Exceed 1955

Freight carloadings for the week ending June 16, 1956, were Santa Fe Railway System for the 30,018 compared with 26,991 for the same week in 1955, reflecting a sizeable gain. Cars received from connections totaled 11,825 compared with 12,600 for the same week in 1955.

Total cars moved were 41,845 compared with 39,591 for the same week in 1955. Santa Fe handled a total of 18,355 cars in the preceding week of this year.

A mother's love touches the heart of God, and should it not appeal to human sympathy?—Mary Baker Eddy.

## TEXANS IN WASHINGTON

By Tex Easley, AP Washington Correspondent

Washington.—The nation's capital is a mecca for school children especially at two times of the year—Easter recess and right after the term ends for summer vacation.

Virtually all of the tens of thousands who make the pilgrimage at Easter hail from within a 500-mile radius. At this time of year their numbers are doubled and they come also from much more distant states, often in school buses but mostly in chartered commercial buses.

In recent years there have been increasing numbers of school youngsters from Texas and other Southwestern states making the trip. Although they come in all ages, the high school graduating classes comprise a big percentage of those coming from distant points.

One of the smallest senior classes to come here with 100 per cent representation was that of McAdoo High School, from out in West Texas.

The graduates were five girls and a lonesome boy—Marquitta Barton, Carol Teague, Wanda Nell Woolley, Louise Johnson, Carol Ann Allen and Neal Allen. Accompanied by their principal, Fabian Lemley, and Mrs. Lemley, they drove to Washington in two cars.

They took in all the regular places that teen with teenagers as well as oldsters—the capitol, the Washington Monument, Lin-

coln Memorial, Smithsonian Institution and the National Art Gallery. Their congressman, George Mahon of Lubbock, then took them on a special sight-seeing round of the capitol . . . on to the Senate and House floors, after the sessions adjourned, and to a congressional committee, where Secretary of State John Foster Dulles was testifying.

Local school children, who happen to have among their classmates sons or daughters of congressmen and senators, also sometimes get an inside peep on things around the capitol.

The other day a group of some 30 or so suburban Washington youngsters finished up a tour of the capitol with a ride on the monorail subway car over to the Senate office building and went to the office of Texas' Senator Price Daniel for soft drinks. They were classmates of Jena Daniel.

Recent visitors here included Mr. and Mrs. Glen Savage of Lewisville, whose son, Glen Jr., works for Representative Frank Bland of Wichita Falls. President Law Sone of Texas Wesleyan College at Fort Worth also was here recently.

J. B. Marion and George Lovelless, both of Lubbock, have been here discussed cotton grading problems with Department of Agriculture officials.

The Magic Valley Electric Coop is more than a name around several offices here. J. E. Wilder, of Mercedes, manager, took time out from conferences at the REA to visit Capitol Hill and hand out some combination ball point pen-pencils advertising the cooperative.

Fort Worth Congressman Jim Wright, observing that graduation from West Point and Annapolis may lead to a lucrative career following military service, notes these examples:

General Douglas MacArthur, chairman of the board of Sperry-Rand Corporation, with a salary of \$68,000 yearly; General Lucius Clay, head of Continental Can Company, \$108,000; General Joseph McNarney, president of Con-vair, \$75,000; Admiral Ben Sorel, with Jones & Laughlin Steel, \$150,000 annually.

"Horatio Alger," adds Wright, "these days would apparently have been on his way to the top without all that painful saving if he could only have won an appointment to one of the academies."

Tact consists in knowing how far we may go too far.—Jean Cocteau.

## Hamlin Scouts at Camp Tonkawa Advance in Rank

Aside from a lot of fun and fellowship enjoyed by 18 Hamlin Boys Scouts last week at the annual Boy Scout camp at Camp Tonkawa, south of Abilene, the group did a lot of advancement in skills and awards of Scouting, according to Scoutmaster Weldon Johnson, who accompanied them.

The boys from Troop 43 returned home Saturday from the camp near Buffalo Gap. This is the official Boy Scout camp of the Chisholm Trail Council, of which Hamlin is a member.

In the group were John Richey, Bob Martin, Bill Richey, Jerry Warnell, Bob Johnson, Larry Upshaw, Jerry Duncan, Milburn Crawford, Jerry Smith, Jimmy Shivers, John Ferguson, Johnny Stovall, Terry Scott, Ronnie Dodd, Jimmy Cooper, Clyde Hodnett, Ray Johnson and Gary Cooper.

These 18 boys earned and received 24 awards from the rifle range; 34 awards from the archery range; three boys learned to swim; and each of the others either passed from beginners to swimmers or were swimmers on arrival at the camp.

John Ferguson advanced to second class rank. Others worked their second and first class requirements or merit badge work, passing nature, first aid, campcraft, etc.

Bob Martin and Bob Johnson were elected as candidates for the Order of the Arrow and were initiated in the next degree while at camp. Order of the Arrow boys are elected by secret ballot from their own troop. Qualifications are that a boy should be at least 15 nights of outdoor camping, five of which must be consecutive; a good camper and have a general knowledge of nature and the out-of-doors.

Not a boy missed a meal, and all report a swell week, declares Scoutmaster Johnson.

## STARS IN YOUR EYES.

An American and a Dutchman were talking.

"What does your flag look like?" asked the American.

"It has three stripes," replied the Dutchman, "red, white and blue. We say they have a connection with our taxes: We get red when we talk about them, white when we get our tax bills and pay till we're blue in the face."

"That's just how it is here," commented the American, "only we see stars, too."

## JUST LIKE MEASLES.

A farm boy said to his brother, "Reuben, how would you get a girl to marry you?"

Reuben answered, "Well, if she don't want to, you can't; but if she does, there ain't hardly no way to prevent it."

## Jimmy, French Takes Special UT Courses

Jimmy K. French, son of Mr. and Mrs. H. K. French of Hamlin, Route 1, is among participants in the science and mathematics center at the University of Texas, according to a release from the big Austin school.

Young French is one of the 100 students attending the center, operated for the first time this summer. It is designed to improve science and mathematics instruction in Texas schools, and is promoted principally for teachers.

## FLORIDANS VISIT.

Mr. and Mrs. Bob Harden and daughter, Cindy, of Panama City, Florida, were Thursday guests of Mrs. Harden's grandparents, Mr. and Mrs. J. D. Barnes, 115 North-east Avenue C.

## Double Ring Ceremonies Thursday Unite Charlene Smith and Max Scott

Double ring ceremony at the First Baptist Church last Thursday evening at 8:00 o'clock made Charlene Smith and Max Scott man and wife. The ritual was officiated by Rev. Woodrow McHugh, pastor of the North Central Avenue Baptist Church.

The bride is the daughter of Mr. and Mrs. Barrie Smith of Hamlin, and the bridegroom is the son of Mr. and Mrs. Louie Scott of Sweetwater.

The couple repeated the wedding vows before an altar which had a background of gladiolus with greenery. Wrought iron vandelabra held lighted white tapers. Carol Jo Simpson played traditional organ wedding music and accompanied her sister, Faith Simpson, as she sang "Always," "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was charming in a white length gown of white hand-clipped chantilly lace over satin. The midriff came to a point at the waistline. The bodice was of lace with sleeves that came to a point at her hands. A face framing shape of hand clipped chantilly lace exquisitely embroidered with tiny pearls set on pleated tulle.

**"Hot Flashes Stopped"**  
or strikingly relieved

In 63-80% of cases in doctors' tests. If you're miserable from the "hot flashes" and accompanying irritable, restless feelings, of "change of life" — you may be suffering unnecessarily!

For... in tests by doctors... Lydia E. Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!"

So... get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves!"

The bride carried a white Bible topped with satin streamers, gardenias and French carnations. She carried a white lace handkerchief belonging to her mother.

Matron-of-honor was Mrs. Delbert Smith of Hamlin, sister-in-law of the bride. Bridesmaid was Mrs. Durwood Smith of Hamlin, another sister-in-law of the bride. Candle-bearers were Mary Lou and Betty Sue Anderson, also of Hamlin. Ray Davis of San Angelo, friend of the groom, was groomsmen, and best man was Harold Fox of Slaton, friend of the groom. Ushers were Durwood and Delbert Smith of Hamlin, J. W. Scott and Bill Scott of Sweetwater, brothers of the bridegroom.

Dress of the bridesmaid was of pink nylon organdy over taffeta, fashioned with sweetheart neckline. The waistline came to a point at the back and front. She carried a colonial bouquet of French carnations with satin streamers.

Dress of the matron-of-honor was of blue nylon organdy over taffeta, fashioned with sweetheart neckline with the full skirt coming to a point at the back and front. Her bouquet was of French carnations with satin streamers.

The bride is a 1955 graduate of Hamlin High School. She since has been attending the Scoggins Beauty Corral at Abilene. Young Scott is a graduate of Texas A. & M. College, and he is a second lieutenant in the United States Army, being stationed near Baltimore, Maryland.

The newlyweds left for a wedding trip to Colorado state. They will be at home at Baltimore, Maryland, after July 1.

For traveling the bride wore a pink nylon cotton dress with a sweetheart neckline, with the waistline pointing at the back and front over a full skirt. Her accessories were of white, and her corsage was from the bridal bouquet.

General Lee's sword was returned to him by General Grant after Lee's surrender at Appomattox.

**MAKING THEIR HOME** at Baltimore, Maryland, after July 1 will be Mr. and Mrs. Max Scott, who were married in rites at the First Baptist Church last Thursday. Mrs. Smith (above) is the former Charlene Smith, daughter of Mr. and Mrs. Barrie Smith. Young Scott, son of Mr. and Mrs. Louie Scott of Sweetwater, is a second lieutenant in the Army, and is stationed near Baltimore.

## Reception Given at Church Following Smith-Scott Wedding

Following the wedding Thursday evening of Charlene Smith and Max Scott, a reception was held in the fellowship hall of the First Baptist Church.

The bride's chosen colors of blue and white were carried out in the lace cloth on the table.

The three-tier wedding cake centered the bride's table. Appointments were in silver and crystal. The table had white daisies for the centerpiece.

Serving at the reception were Mrs. Ray Davis, Mrs. Aubrey Haight and Martha Hubbard.

Guests were registered at the reception by Mrs. Walter Willis. Out-of-town guests were present

## Trio from HHS Goes To Area FHA Meeting

Two Hamlin High School homemakers and one of their sponsors were in Stephenville Tuesday and Wednesday to attend an Area IV Future Homemakers of America leadership training conference. They were Sara Kay Fomby and Elizabeth Norton, and their sponsor, Mrs. James E. Simmons.

Those attending are incoming district and area officers and their leader, Sara Kay is incoming recording secretary for the area. Elizabeth is on the state FHA degree committee.

Brazil is larger than the United States.

from Abilene, San Angelo, Sweetwater and Slaton.

## Amanda Freeman and Thomas E. Pike Repeat Wedding Vows in Church Rites

Sanctuary of the First Methodist Church was the scene last Wednesday afternoon at 4:30 o'clock of an impressive double ring ceremony that united in marriage Amanda Belle Freeman and Thomas Eugene Pike. Rev. Daris L. Egger, pastor of the church, officiated.

The bride is the daughter of Mr. and Mrs. O. C. Freeman of Hamlin, and young Pike is the son of Mr. and Mrs. L. B. Pike of Rule.

The bride was given in marriage by her father. The rites were repeated before an altar of white gladiolus and lavender asters.

Music for the nuptials was played by Mrs. J. W. McCarty at the organ. She had been the bride's music teacher for several years.

Maid-of-honor was Betty Osborne of Hamlin, high school classmate of the bride. Best man was Bobby Boyles of Aspermont, brother-in-law of the bridegroom.

The bride's wedding gown was an original dress of basque style with long sleeves. It had a stand-away collar. Fashioned of white organdy, it featured a three-tier embroidered organdy skirt made on a foundation of white taffeta. She carried a white orchid on a white Bible which the bride had received when eight years old as a gift from her Sunday School teacher.

The maid-of-honor wore a lilac net dress and carried a nosegay of lavender asters tied with several shades of violet ribbons.

The bride is a graduate of Hamlin High School, where she is prominent in school affairs. She was named the Future Home-

maker of Tomorrow in a national contest. She has attended Texas Technological College at Lubbock one year. Young Pike, who also has been a student at Texas Tech is a graduate of Rule High School. He is working with the Halliburton Well Logging Service out of Hobbs, New Mexico. Both the young people plan to re-enter Texas Tech this fall, where she is an accounting major and he is studying electrical engineering.

Immediately after the Wednesday ceremony the newlyweds left for a short wedding trip in New Mexico. For traveling the bride wore a mauve cotton suit with home at Hobbs.

## Drapes Demonstration Given at Meeting of McCaulley Club Group

A demonstration on drapes was given by Mrs. Ted Abbott when members of the McCaulley Home Demonstration Club met last Thursday in the home of Mrs. Jerry Maberry.

Mrs. Leo Masser presided, and the recreation period was directed by Mrs. Glenn Henderson, who conducted a know-your-magazine game.

A refreshment plate was served to Mrs. Jerry Crowley, guest, and the following members: Mmes. C. A. McHone, Fred Kemp, Glenn Henderson, Ted Abbott, Willdie Fancher, Frank Kemp, Ben Kemp, Luther Maberry, Leo Masser, Louis Boyd and T. E. Green.

Next meeting of the group will be in the home of Mrs. Fred Kemp, when the program will be on "The 4-H Club Work."

**RECENT BRIDE** of Thomas E. Pike of Hobbs, New Mexico, is the former Amanda Belle Freeman (above), daughter of Mr. and Mrs. O. C. Freeman of Hamlin. He is the son of Mr. and Mrs. L. B. Pike of Rule. They are making their home in Hobbs, New Mexico.

**CALIFORNIANS VISIT.** Mr. and Mrs. C. F. Guinn of Ventura, California, were visiting in the home of Mrs. J. Ubben and Mr. and Mrs. Barrie Smith last Thursday. Mrs. Guinn is the former Eva Leonard of Hamlin. Her address is 1132 East Meta Street, Ventura, California.

## Eastern Star Chapter At McCaulley Install Officers for New Year

Officers for the coming year were recently installed by the McCaulley chapter of the Order of the Eastern Star in ceremonies at the McCaulley Masonic Hall.

Mrs. Odie Claxton, grand deputy, installed the group and was assisted by other Abilene Chapter No. 30 OES members. They were Jessie Wheeler, chaplain; Mrs. Inez Watson, marshal; Mrs. Josephine Estes, organist; and Lulu Mae Posey, secretary.

Officers installed were: Mr. and Mrs. Rufus Herbst, worthy patron and matron; Mr. and Mrs. Lee Brewer, associate patron and matron; Mrs. Florence McCollum, secretary; Levi McCollum, treasurer; Mrs. Lorene Mauldin, conductress; Mrs. Sara Jane Miers, associate conductress; Fay Dozier, chaplain; R. L. Miers, marshal; Mrs. Treasure Rector, organist; Mrs. Violet Gilly, Ada; Mrs. Ila Webb, Ruth; Mrs. Ruby Williams, Esther; Mrs. Annie Dozier, Martha; Mrs. Hallie B. McFatter, Electra; Guy Mauldin, warder; and Luther Rector, sentinel.

George Washington laid the cornerstone of the national capital.

## FORD sets 500-mile record at Indianapolis Speedway

**Again proves nobody outperforms Ford**  
... dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway... whirling through the tight turns and flashing over the straight stretches... to set a mark that no stock car ever reached before!

Previous to Ford's record run, no other stock car had gone even one lap at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h. And Ford averaged over 107 m.p.h. for the full five hundred miles... close to the average set by the extremely costly, specially-built racer which won the Memorial Day "500!"

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disilluminating to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!

Ford wrote this new mark large and bold in the record books. And the whole Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

**17th Congressional District  
Democratic Ticket**

—Open Letter to All the People Who Depend on the Oil Business  
in the 17th Congressional District

oil imports will increase and the independent oil operator will be squeezed out of business. The 17th Congressional District, composed of Taylor, Jones, Eastland Stephens, Comanche, Palo Pinto, Erath, Sherman, Hamilton, Callahan and Shackelford Counties, is the independent oil man's territory. Small field production is the mainstay of our district's economy. Farmers and ranchers depend on oil royalties for their income. Merchants depend on the oil man's crops and cattle. The depletion allowance and control of foreign oil imports means only one thing to us, the people of the 17th Congressional District—the middle of abundance, with hundreds of thousands of barrels of oil laying untapped and unused while our friends grow richer and richer on the oil brought into this country while we are growing poorer and poorer.

**South** ... that with ever-continuing depletion of domestic reserves, greater risks, higher exploration ... depletion allowance, not less. We need vigorous representation in Congress, someone who ... the 17th Congressional District and who will not pigeon-hole. ... the 17th Congressional District ... will be presented forcefully. (Paid Pol. Adv.)

### Sara Kay Fomby to Attend National FHA Gathering at Chicago

Sara Kay Fomby, 16-year-old daughter of Mr. and Mrs. E. B. Fomby of Hamlin, will be a delegate to the 1956 national convention of Future Homemakers of America, July 2 to 6, at the Conrad Hilton Hotel in Chicago, Illinois.

A junior at Hamlin High School, she has been an FHA member since 1954. Advisers for the local chapter are Mrs. Joe Wayne Carter and Mrs. Camille Simmons.

FHA is the national organization of pupils studying homemaking in junior and senior high schools in the United States and territories. Any student who has taken or is taking homemaking may belong. Membership is voluntary. National membership totals nearly 520,000.

Sara Kay will be one of around 2,000 FHA members chosen to attend the national meeting.

Convention sessions will be geared to helping FHAers recognize opportunities and accept responsibilities related to improving home, school and community life. Other activities during the five-day gathering include election of 1956-57 national officers and voting on national projects.

FHA is sponsored by the American Home Economics Association and the U. S. Office of Education. Cooperating groups are the home economics sections of the American Vocational Association and the National Education Association. Main goal of FHA is to learn to live better today in order that the homemaking pupils' lives and those of their families may be better tomorrow.

Sara Kay also is a member of the following school and community organizations: Student Council, Pied Piper Band and Methodist Youth Fellowship.

The largest ranch in the United States is the King Ranch in Texas with 970,000 acres.

Ireland Island in the Bermudas has the largest floating drydock in the world.

Lancaster, Pennsylvania, was the first of the United States for a day.

Black Friday, September 26, 1889, was the day of financial panic in Wall Street.

### Buffet Supper Given By John C. Bryants for Sorority Club Group

Mr. and Mrs. John C. Bryant entertained with a back yard buffet supper Thursday evening for the members of the Xi Gamma Pi and the Beta Theta chapters of the Beta Sigma Phi and their husbands.

The buffet tables were decorated with baskets of garden flowers. The party was in honor of Mr. and Mrs. Austin Poe, who are moving to Kerrville in the late summer.

Mrs. Poe has been a member of the Beta Sigma Phi for many years. She has just finished the past year serving as president of the Xi Gamma Pi chapter. Mrs. Poe has been sponsor for the Beta Theta chapter for several years.

A sterling silver wine cooler was given to Mr. and Mrs. Poe by the two sororities. The gift was presented to Mrs. Poe by Mrs. M. L. Smith and Mrs. Brad Rowland Jr., incoming presidents of the two chapters, as a small token of love and appreciation for the many years of work and leadership in both chapters of the Beta Sigma Phi.

### Program on Furniture Arrangement Given For Good Neighbors

Mrs. Verlon Hodges gave the program on "Furniture Arrangements in the Living Room" when members of the Good Neighbor Home Demonstration Club met Tuesday afternoon at the Neide community center.

Mrs. Hodges explained that first it is necessary to determine how the living room will be used by the family. This varies, of course, with the individual family as no two families are alike. This variation in the family customs, habits and preferences is one reason that set styles and rules should not be adhered to slavishly, she declared.

Iced tea and brownies were served by the hostesses, Mrs. Tommy Hodnett and Mrs. Inez McCoy, to the following attendants: Mmes. Mildred Weaver, Lucy Carothers, Charlene Joiner, Sydonia Lane, Alice Westmoreland, Adele Kelly, Arlene Penk-berny, Verlon Hodges, Doris Stanford, members; and two visitors, Mrs. Gardner and Mrs. Gilbert.

### Gift Tea at Royston In Cleveland Home Honors Recent Bride

A gift tea honoring Mrs. Billy Glenn Polk was hosted in the home of Mrs. W. D. Cleveland at Royston last week. Hostesses with Mrs. Cleveland were Mrs. Coy Carricker, Mrs. Foy Mitchell, Mrs. Frank Houghton, Mrs. Tom Hogan, Mrs. Jim Faught and Mrs. G. W. Joplin.

A two-tier cake iced in green and white was served by Mrs. Hogan. Mrs. Carricker poured punch from a crystal set. The table was laid with a drawn work cloth over green.

Those attending the tea were Mmes. Upshaw and Billy Wayne Early of Roby, Mmes. J. S. Potts, Ovie Rockley, Hob Reed, P. P. Cooper, Bill Polk, Jerry Crowley,

### Hamlin Women Go to Haskell Installation

Five members of the Hamlin Business and Professional Women's Club were in Haskell Tuesday evening to attend the installation meeting for new officers of the Haskell B&PW Club.

Mrs. E. M. Wilson, director of District 7 of B&PW Clubs, officiated at the installation ceremonies.

Others from Hamlin attending the gathering were Mrs. Vera Nobles, Hamlin club president, Mrs. Ed Bailey, Mrs. Tommy Richey and Mrs. Kenneth Riddle.

T. H. Milner and Rackley; and Misses Judy Cooper, Dorothy Polk and Gail Mitchell; and Mrs. Charles Kluck of Abilene.

### Intermediate GAs And YWA Will Be in Camp Next Week

Intermediate Girls' Auxiliary and Young Woman's Auxiliary camp for Baptist District 17 will be held at Lufkin Baptist Encampment Grounds next Monday through Thursday.

This will be the second camp of the season. Intermediate RA groups are in camp this week, camp opening June 18 and continuing through June 21.

Rally Day, which initiated the Baptist camps for the summer, was held Monday.

Mrs. Dub Jackson of Japan and Charlene Jones of Brazil will be camp missionaries for the Intermediate GA-YWA camp.

**TELEPHONE TALK**

by George K. Board, Manager

**Vacation Tip**  
I guess everybody looks forward to that once-a-year vacation, and probably wishes it came round more often. And since this is the start of the vacation season, it's a good time to remind you how your telephone can help you have a better vacation.

After you have the fishing gear and everyone's bathing suit tucked away in the car ready for an early morning start, why not call ahead Long Distance?

It's the courteous thing to do if you're visiting relatives or friends. That way, they'll know about when to expect you.

It's the smart thing to do if you're stopping at a motel or hotel on the way. With reservations, you can drive a couple of more hours and put more miles behind you. No need to stop early in order to get accommodations.

More and more, nowadays, people count on Long Distance to help them enjoy their vacation more. Remember: Your calls go through twice as fast when you call by number. And rates are lowest on station-to-station calls every night and Sundays.

**A Family Friend**  
You know, the telephone has always seemed to me to be a real "friend of the family."

Mother uses it to do a lot of her shopping, and to "visit" with friends around town.

For Dad, it's a big help in carrying on his business, and keeping in touch with what's happening in community affairs.

And for the growing children at your house, it's probably a "must" for asking their friends over to visit, or asking them where's the best place to meet for the weekly walk to the movie.

These are probably just a few of the ways in which the telephone proves itself as a family friend—always ready to help you and your family keep in touch.

### You'll Love the Convenience

If you already have an extension telephone in your home—or your office—you know first-hand how many steps and how much time you save every day.

If you haven't ordered an extension yet, why not do it today, and find out how much you'll like the convenience of an extension telephone, installed wherever you want it.

Just call the telephone company to place your order. The cost is \$2.00 for installation, and the monthly extension rate of \$1.00.

Call by number. It's twice as fast.

## New Methodist Pastor Speaks at Rotary Luncheon

New pastor of the Faith Methodist Church in Hamlin declared that he probably will be given another chance by the Methodists despite that his last pastorate was at Last Chance, Colorado, when he spoke at the Wednesday noon luncheon of the Hamlin Rotary Club at the oil mill guest house.

The young minister, full of enthusiasm and zeal, said he was delighted to be assigned to this thriving, friendly little West Texas city, where his church is planning a building program. He proved his ability as a spinner of yarns following his introduction as Rev. Henry C. Adair.

Besides the new minister other guests at the Wednesday luncheon included Fred Barrow, A. B. Youngblood, Ellis Gancey and George Barron of Abilene; W. J. Bryant, Bernard Bryant and W. M. Blackburn of Stamford; T. Joseph of Ranger; George Leonard of Sweetwater; and Rev. Darris Egger of Hamlin.

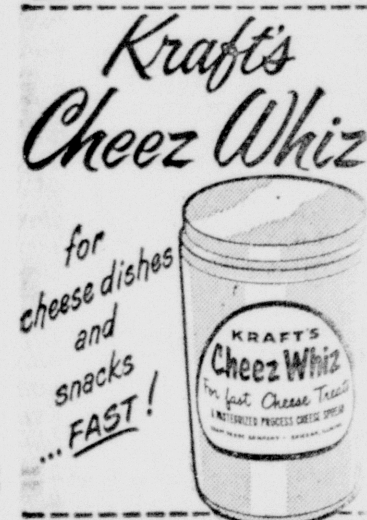

### CROSSED WIRES.

A college senior dated a young lady from a nearby girls' school a few times. Then some weeks passed, and when she hadn't heard from him, she sent a telegram reading: "Dead, delayed or disinterested?"

To which the young man wired back promptly: "Hunting, fishing or trapping?"

We cannot always oblige, but we can always speak obligingly.—Voltaire.

## State Capitol NEWS

By Vern Sanford, Manager, Texas Press Association.

Austin.—Next month, for the first time in 24 years, Texans will be asked to vote—not only on men—but directly on issues.

State Democratic executive committee members have approved the placing of three questions on the primary ballot. Voters can express their desires for or against:

1. Legislation exempting a child from compulsory attendance at integrated schools.
2. Legislation "perfecting" laws against intermarriage of negroes and whites, and
3. Use of interposition to halt federal encroachment on state rights.

Majority approval presumably would constitute a mandate for action by the next Legislature.

Historically, such voter referendums seldom have been used. And not too successfully. Present procedures, still substantially unchanged, were set up with the passage of the Terrell election laws in 1907.

In the nearly 50 years since then referendums were held only three times. And failed to pass twice. In 1908 a prohibition proposal was voted down more than two to one. In 1919 the people rejected three to one a proposal to call a constitutional convention.

But, in 1932 Texans voted overwhelmingly in favor of repealing the federal prohibition amendment. A year later the Legisla-

ture followed suit and ratified the repeal amendment.

This was the last referendum submitted until this year.

In other action the state executive committee certified a list of 31 candidates for state-wide office. It ignored a charge by Reuben Senterfitt that Price Daniel's name was ineligible to appear on the ballot because he had not resigned his U. S. Senate post.

Fort Worth was selected by the committee as the site for the September 11 state convention. Principal business at that time will be naming new party officers and deciding on a general election platform for the Democratic gubernatorial nominee.

Texas Republicans will hold their August 28 state convention in Corpus Christi. GOP nominees for state office, presidential electors, a new state chairman and a general platform will be decided upon at that time.

Selection of the convention site was made at the party's state executive committee meeting in Austin.

Committee members sent President Dwight D. Eisenhower a telegram asserting their confidence that he will carry Texas and be re-elected in November.

Demands that Texas congressional districts be realigned were heard at both political party meetings.

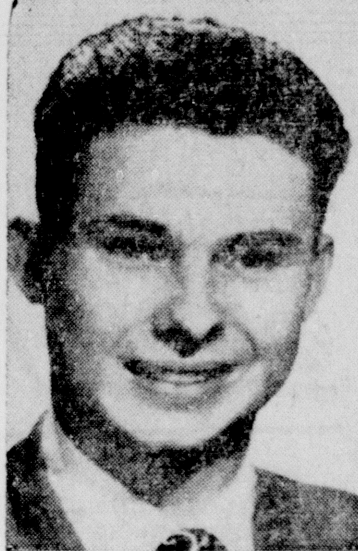

Texas was allotted an additional congressman after the 1950 census. Since the Legislature has rejected redistricting bills for the past two sessions, the extra man is elected by the entire state.

Bill Elkins, candidate for congressman-at-large, told the Democratic executive committee the main plank in his platform is to have the office he seeks abolished.

Republican National Committeeman Jack Porter said the GOP legal committee might seek federal court action to force the Legislature to redistrict.

"It's no fair to have the same representation from districts of 100,000 as you do from areas with more than a million," Porter has charged.

In a report made public by the Insurance Commission, TVman Drew Pearson received the brunt of the blame for luring Texans into investing money in the now defunct US Trust & Guaranty Company. The report was based on answers to questionnaires sent

**FRED WHITAKER** was initiated into juggling in Germany when he was only 12. Expert tutoring and rigorous gymnastics since have resulted in an act instantly successful with crowds coast to coast. His only in-person appearance in this part of Texas this year will be at the electric fair at Roky next Thursday and Friday, June 28 and 29.

draft purchasers by the state liquidator's office.

Questionnaires were answered by 3,608 purchasers. They represented investments of \$4,711,132. Nearly half of them charged Pearson with influencing them into buying. This because of his personal, oft-repeated statement that "You can put your trust in U. S. Trust."

Because Pearson personally recommended the purchase, the TV broadcaster several months ago pledged to refund all "profits" made on his commercials. As of this writing the Insurance Commission's records do not reveal any such repayments by Pearson.

Public officials are not immune from civil liability for acts in connection with their duties. An Austin district judge so ruled in a case involving two former employees of the insurance commission.

Examiners Larry W. Blanchard and Robert R. Butler are among more than 50 defendants in a \$6,890,000 damage suit. It was filed by the state liquidator against those allegedly responsible for the 1954 collapse of the big General American Casualty Company of San Antonio.

Another six-month delay seems likely before the trial of George B. Parr on income tax evasion charges takes place. Parr's plan to have the trial in Laredo, rather than Austin, was rejected by the U. S. Supreme Court. U. S. attorneys promptly asked Judge Ben H. Rice of Austin for an early setting, preferably in July. But Parr's attorneys said they will file for a rehearing before the Supreme Court. Such action could keep the case from coming up until January of 1957.

Parr was first indicted in 1954. He is charged with filing false returns in 1949, 1950 and 1951 and failing to pay the government \$86,000.

State health officials are urging parents of children who will enter school for the first time to avoid the "birth certificate bottleneck." In past years thousands of requests have swamped the department in September. An estimated 260,000 children will be eligible to enter the first grade this year.

Soaring heat and lack of rain is withering Texas crops and pastures in all areas except the high plains, reports the U. S. Department of Agriculture. The high plains still are green after three consecutive weeks of showers. . . . May was one of the best contract

## VETERAN QUESTIONS

The questions and answers below about veteran problems are carried as a service to present and former service members by The Herald. Material for this column is supplied by the area office of the Veterans Administration at Lubbock.

**Question**—I have just gone on active duty, and I am covered by \$10,000 free indemnity. Am I suppose to send VA a list of my beneficiaries?

**Answer**—Your list of beneficiaries should not be sent to VA. It should go to your branch of service instead. The military departments maintain these records for servicemen.

**Q**—I had two periods of Korean military service—one from 1950 to 1952 and another from 1954 to a few weeks ago. What is my deadline for starting Korean GI training—three years from my first discharge or three years from my second?

**A**—Your starting deadline is three years from your second discharge. Veterans with more than one period of service during the Korean conflict compute their deadline from their final discharge.

**Q**—I am a Korea veteran. Must I have 90 days of service within the Korean conflict period to qualify for a GI loan? I entered service the middle of January, 1955, and the "conflict" period ended January 31, 1955.

**A**—All 90 days need not be within the Korean conflict period. What you need, generally, is a total of 90 days of service, with any part of it falling within the Korean conflict period.

**Q**—I am a disabled Korea veteran. Will I get help in choosing a course of vocational rehabilitation training under public law 894?

**A**—Yes. You will receive vocational counseling to help you get a better idea of your aptitudes and abilities, so that you will be able to make a wise choice of training objective.

**Q**—I bought a house with a GI loan. Occasionally I earn a few extra dollars on the side, and I'd like to use this money to pay off the loan in advance. Is there any minimum set for these prepayments or may they be for any amount?

**A**—Your pre-payment may be for either one monthly payment or \$100, whichever is less, or in multiples of either one of those payments.

**Q**—I have a lapsed World War II permanent GI insurance policy. If I reinstated it, would I be entitled to all the regular dividends which have been declared during the time it was lapsed?

**A**—Yes. In fact, those dividends could be applied toward the cost of reinstatement, thus reducing the cash outlay.

award months in Texas construction history. The \$168,102,823 contracted in May brings the 1956 total to \$372,000,000. That is better than the record year of 1953. . . . Eleven South Texas counties have been quarantined against shipments of citrus fruits from Mississippi, Florida, Louisiana and Alabama. Purpose of the state Department of Agriculture's ban is to prevent a possible infestation of the Mediterranean fruit fly into Texas groves.

### JOHN LEE SMITH

of Lubbock

FOR

**L. T. GOVERNOR**

John Lee Smith Says:

"A public office is a public trust and its influence should never be bartered to enrich the office holder.

Let's clean out the graft and corruption in Austin, give the people a square deal . . . not a double deal."

John Lee Smith served as Lieutenant Governor from 1943 to 1947

**VOTE FOR A WEST TEXAN**

### VISITING IN EAST.

Horace Scales, long time railroad man at Hamlin, left Tuesday for Philadelphia, Pennsylvania, to visit for several days with his daughter, Mrs. Christine Nell. While in the East he and his daughter will visit Mr. and Mrs. Bob Nell in New York City.

A town must have a population of 12,000 before it can be a city.

### VISITING PARENTS.

Mr. and Mrs. Buddy O'Neal and young daughter, Debbie, are visiting with his parents, Mr. and Mrs. John O'Neal, for several days. The younger O'Neals live at Lubbock.

Bloodshed, war and oppression belong to the darker ages, and shall be relegated to oblivion.—Mary Baker Eddy.

### JUST REWARD.

The bride had just served her first meal in her new home.

"What will I get, dear," she asked, "if I cook a dinner like this every night?"

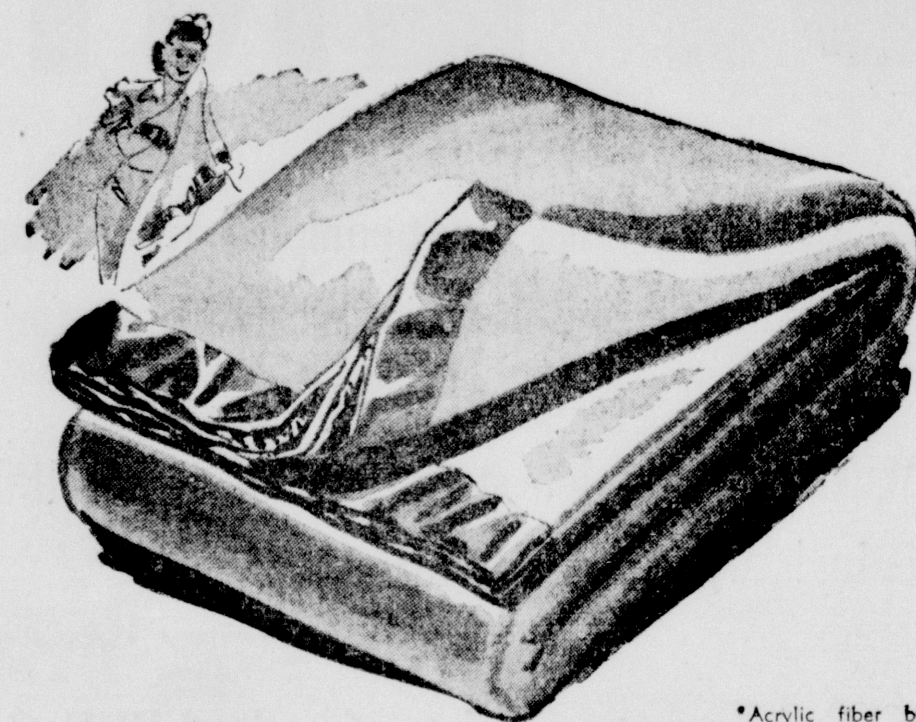

Replied her husband, gloomily, "My insurance, no doubt."

Boston, Massachusetts, has the largest drydock in the United States.

## Officers for Year Installed Tuesday For Hamlin Lions

Officers for the ensuing club year beginning July 1 were installed at the Tuesday noon luncheon meeting of the Hamlin Lions Club at the oil mill guest house. Herman McBride, long time member and official of the Hamlin club, officiated at the installation ceremonies.

Taking office were: Edgar Duncan, president; Jess Parrish, first vice president; Jim H. King, third vice president; Donley Williams, secretary; George Campbell, treasurer; Truman Nix, Lion tamer; Stanley Shepperd, tail twister; and Joe League, B. V. Newberry, Hollis Madden and Bobby Crowley, directors.

Dr. Bill Seals, retiring president, will be an ex-officio member of the board of directors.

Perfect attendance pins for the 1955-56 club period were presented to C. C. Bailey, B. O. Bell, Haskell Carter, Bessie Cossie, Bobby Crowley, Edgar Duncan, W. T. Johnson, Willard Jones, Jim H. King, Claude Lancaster, Herman McBride, Joe McCarty, B. V. Newberry, Harry Martin, Jess Parrish, Bill Seals, E. O. Sipe, Fred Smith, A. Spencer, E. C. Croan and Donley Williams.

Guests at the Tuesday session were Joe Hudspeth, Henry Adair, Austin Siburt and Austin Poe, all of Hamlin.

A decibel is a unit for measuring sound.

"No!"

## Parking Meters Put on Shelf at Stamford

Parking meters at Stamford went into storage Saturday for a six-month period, and parking of vehicles in the business district will be free.

The action was taken Friday following a meeting of the City Council. The government group was urged by 37 business heads to void the parking meter ordinance for that period. Heads of meters are being removed and stored pending final action.

PREACHING in a series of revival services that began at the Four-square Gospel Church in Hamlin Tuesday evening is Rev. Sidney Westbrock of Brea, California (above). Services are being held each evening at 8:00 o'clock.

James A. Farley's middle name is Aloysius.

## Baptists of County Meet With Noodle Church Thursday

Representatives from the 29 Baptist churches of Jones County are due to assemble this (Thursday) evening at the Noodle Baptist Church, 22 miles south of Hamlin when the monthly workers' conference of the Jones County Baptist Association for June convenes. Theme of the session will be "Training Union Emphasis."

Complete program for the gathering follows:

5:00 p. m.—Executive and Woman's Missionary Union board meetings.

6:00 p. m.—Supper.

7:00 p. m.—Song and praise service.

7:15 p. m.—Announcements.

8:00 p. m.—Program: "Our Best Required."

"In Singing—Boys' Quartet of Stamford First Church.

"In Future Plans": Panel discussions—Training Union Director, Joe Breed; Sunday School Superintendent, Hae Phillips; W. M. U. President, Mrs. Johnny Agnew of Stamford; Pastor, Gene McCombs; Brotherhood President, Rod Latta of Stamford First Church.

7:55 p. m.—Congregational Singing.

Business period.

8:10—Girls' Trio from First Church at Lueders.

8:15—"Our Best Required." Mrs. Annie Woods; "In Program Plans," Rev. B. L. Davis; "In Efficiency," Rev. Clyde Cook; "In Study Course," Rev. E. R. Holder; "In Mission Activities," Rev. Woodrow McHugh of Hamlin North Central Avenue Church.

9:00 p. m.—Adjourn.

## Two New Army Units Open for Enlistments

Two Army "Gyroscopic" units, scheduled for future service in Europe, will accept direct enlistments of young men from this area who have not had prior military service, it was announced by Master Sergeant Willis Carlton who makes regular call at the Hamlin post office each Thursday afternoon until 4:00 o'clock.

Additional information regarding this choice of Army service may be obtained at the U. S. Army recruiting station, Room 307, post office building in Abilene, or from Sergeant Willis at Hamlin.

A mother is not a person to lean one, but a person to make leaning unnecessary. — Dorothy Canfield Fisher.

The circumference of the globe is 25,020 miles.

## Gerald Hood Joins Sales Staff at Hamlin Of Murrell Chevrolet

Carl Murrell Chevrolet Company of Hamlin has announced the appointment of Gerald Hood of Sylvester to its sales organization.

Gerald is the son of Mr. and Mrs. Harvey Hood of Sylvester, and a 1956 graduate of Roby High School. He plans a college education of business administration, with merchandising as his major. He is a natural salesman, declares Carl Murrell, and his enthusiasm about Chevrolet and automobiles generally is catching.

Gerald will aid Edward Gardner and Mr. Murrell in their program of selling new and used cars and trucks in the Hamlin trade territory. His friends and acquaintances are invited to call him for show and demonstration of what he has to sell, declares Murrell.

Good manners and soft words have brought many a difficult thing to pass.—Aesop.

Ben Jonson, English poet laureate, is buried in an upright position in Westminster Abbey.

In one Yakum school room the teacher is in one county while the pupils are in another.

NEW SALESMAN For Carl Murrell Chevrolet Company is Gerald Hood (above) of the Sylvester community. A 1956 graduate of Roby High School, Gerald is adding Edward Gardner and Murrell in their program of selling new and used cars and trucks in the Hamlin trade territory.

Samuel Butler wrote "The souls of women are so small, that some believe they've none at all."

Forty-two states now have tree farm programs.

Varsity is derived from the word university.

## REFUGE and STRENGTH

Into the House of God they have come for spiritual strength and comfort. The care or sorrow or need which brought them here is not important. It is important that the experiences of a lifetime have taught them that God is their refuge and their strength.

The beauty of faith shines in their faces, and from this devout worship they will go forth stronger in spirit.

But faith is not the exclusive possession of age. From childhood to the grave, man may find hope and comfort and peace in God. For faith banishes fear, overcomes difficulties and imparts new life.

In these troubled days, men need religion more than ever unknown, we may feel frustrated and helpless. Human problems lie heavy upon our spirits. But God is a Rock of Refuge and Pillar of Strength to those who trust Him. Come to the House of the Lord.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalm	45	1-11
Monday	Psalm	6	1-12
Tuesday	Matthew	6	1-15
Wednesday	Matthew	6	16-34

## Small Businesses Need Subsidy or Other Assistance to Survive, Babson States

Roger Babson, famous analyst and economist, who is a regular writer for The Herald, declares that he was recently asked what was the most important thing he had learned during his 50 years in active business. His answer was what an outstanding surgeon of New England Dr. William W. Babson, once said to him: "Roger, remember that no two people are alike—what's food for one may be poison for another and vice versa." This was brought home to me only recently when reading in the Reader's Digest an article praising aspirin for arthritis.

After finishing my reading of the Digest I picked up an Encyclopedia of Health by J. I. Rodale of Emmaus, Pennsylvania, who has systematically collected what are recognized as best opinions on a hundred physical ailments. This book lists aspirin as a very dangerous product, 50,000,000 tablets of which are being consumed daily. I have great respect for Mr. and Mrs. DeWitt Wallace, editors of the Reader's Digest, but I wonder if they realize the tremendous risk they run as their circulation becomes bigger? My purpose, therefore, this week is to further the urge of my friend Ernest Gaunt, and appeal for a subsidy to the small publisher, the small businessman and the unknown genius. These may be the hope of America, and not "big business," which assumes all people to be alike.

After spending many years and millions of dollars educating young people, I am convinced of the great importance of small colleges, small schools and classes. Figures may show that costs of so-called education may be decreased by consolidated schools, state universities and other attempts at mass education. Having learned, however, that all young people are different and are entitled to different instruction, I have concluded that the solution is to teach young people to educate themselves. When the "do-it-yourself" movement extends to education, we will begin to get good results and at very much less expense.

The labor union movement is fulfilling a need in combatting the misused power of employers; but it will some day break up of its own weight due to the inherent differences in people. Its present program of paying every workman in a certain group the same wage is against human nature. I forecast that for labor unions to succeed they must recognize initiative, energy, intelligence and other qualifications.

Some day the small business man will have to be helped by a subsidy of some kind, especially to use for advertising. There is a demand for every product which has been found useful. More candles are sold today than ever before; more hard wood is sold for fire-places; horses and sulkies for racing sell at higher prices today than ever. There are buyers awaiting every product and service, if the public only

knows where to get them. Therefore, let no small business man get discouraged. As the Good Book says (see Ecclesiastes 9:11): "The race is not to the swift, nor the battle to the strong." If America will do right I have no fear of communism with its standardization of everything. We, however, must encourage the unknown genius, the small manufacturer and the little specialty store "around the corner."

It seems too bad that Protestantism should be divided into 250 denominations. I have great respect for the Holy Catholic Church. I often wish there were some way that the Roman Church and these 250 Protestant denominations could be combined. On the other hand, if religion is largely a matter of spirit and emotions, the next great new horizon may be the study and harnessing of these spiritual powers which are now so divided. I have learned that the world is ruled by feelings rather than by figures; and that we have not given proper consideration to the different feelings of different people.

I admire the work the presi-

dent of the New York Stock Exchange is doing to popularize investments. If, however, his idea is carried too far, it may result in a great stock market panic. Too many people, for instance, are being advised to invest in the standardized "blue chips." Investments cannot safely be standardized. An investor should make purchases according to his age, responsibilities, temperament and the kind of work in which he is engaged. He needs an investment counselor to advise him about this. People are different and free enterprise will succeed only as this difference is recognized in every field.

## Milk Producers of Area Get \$6.02 for Record May Output

Producers supplying milk to Central West Texas handlers will receive \$6.02 per 100 (4.0 per cent) for base milk during May, according to an announcement by Byford W. Bain, market administrator.

Base price of \$6.02 per 100 pounds for base milk is subject to location differentials, delivered at Lamesa and Midland, Brownwood and Mineral Wells.

Central West Texas producers, including a number in the Hamlin region, delivered 12,251,284

pounds of base milk and 2,211,806 pounds of excess milk, or a total of 14,463,090 pounds, during May. Total delivered base milk exceeded the volume of producer milk classified as Class I, resulting in 1,427,302 pounds of base milk being classified as Class II.

One twentieth of the world's population lives south of the equator.

A polite man is one who listens with interest to things he knows all about, when told him by a person who knows nothing about them.—DeMorny.

War will disappear, like the dinosaur, when changes in world conditions have destroyed its survival value. — Robert Andrews Millikan.

# YOU DRAW DIVIDENDS

*from every business enterprise  
in the community where you live*

**If some  
good neighbor  
with a popcorn stand  
was giving you  
part of his  
profits every day...**

... you would probably give him ALL of your popcorn business ... you might even try to influence other neighbors to take up popcorn ... and to buy it at home.

Actually, you DO share in the profits of EVERY business in your home community, because a BIG PART of the gross margin on every local business transaction goes toward the support of things that benefit YOU and everyone else who lives here.

Such as schools, churches, roads and streets, fire and police protection, jobs for more people so that we can keep among us MORE good teachers and preachers and doctors and other skilled folks. And so we can have more stores that are better stocked for our convenience and for our EMERGENCY needs.

Because we don't get these benefits in cash, we sometimes forget that ALL home business is really OUR BUSINESS. And some of us even forget ... and trade somewhere else ... when OUR OWN PAYCHECK depends on keeping this community prosperous.

**It Pays to Buy  
where You Live**

Of all the business establishments in the world — only those in Hamlin are sincerely interested in the future of Hamlin and in the future of YOU who live here ...
